

Vivint Element™ Thermostat

Control never felt so good

Smart temperature control automatically adjusts to your preferred settings.

Notifications let you know when the temperature changes automatically.

Minimalist design that blends into home interior.

Can be installed with or without a C-wire.

Touch-display illuminates on approach to show target and current temperatures. (requires C-wire)

vivint.SmartHome™

Vivint Element™ Thermostat

Why you want it

-  Stay comfortable and save money as Sky, your Smart Home Assistant, adjusts the temperature based on your location and activity.
-  Easily control the temperature using your voice, the mobile app, your panel, or directly on the thermostat.
-  Adjust the temperature and watch as the controls fade and the thermostat blends into your home's interior.
-  Limits the spread of flames by shutting off your home's HVAC system during a fire.

Specs

Color	White
Size	4.5" h x 4.5" w x 0.9" d
