Absorbed Glass Mat Battery

Stinger Power Series SPP950 950 AMP Battery

The Stinger SPP950 is a new addition to the industry leading line of SPP batteries. Replacing the SPP925 with an improved AGM design that features higher performance, an increase in output power, and sporting a brand new look, the SPP950 will be in high demand for systems that need a rock steady power plant.

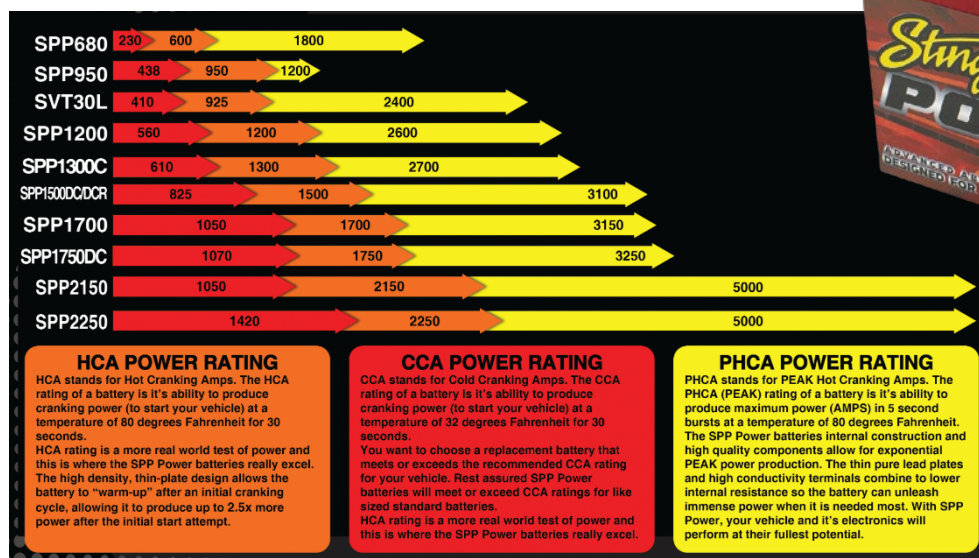

Stinger batteries are the heart of your sound system. They provide the quality and performance needed to run the kind of powerful system any car audio enthusiast would love.

FEATURES:

- > Watts: 1900+
- > CCA: 410A
- > Peak Discharge: 2400+ Amps
