

Who ever said that a phone mount needs to be bulky? With the new Bracketron AutoGrip clamp mount, you get the convenience of a large, robust mount—in a form factor that collapses down into a sleek, low profile design when not in use.

FEATURES

- Features low-profile, sleek automatic design
- Easy one-handed operation—no buttons to push or clamps to open
- Fits phones up to 3.75" wide
- Works with most vent styles including round, horizontal and vertical
