

Lenovo Legion Go (8.8", 2)

Max Power. Your Rules. This Is the Game.

Lenovo Legion Go (8.8", 2) isn't just a handheld. It's a modular rig that plays your way. The detachable Legion TrueStrike controllers unlock multiple game modes, including FPS mode, Console mode, Tablet mode and Handheld mode. Powered by AMD Ryzen™ Z2 Extreme processor, a vibrant 8.8" 144Hz Lenovo PureSight OLED Gaming display, and a massive 74Whr battery, it's built to push further, game longer and stay unplugged. Real-time tuning through Legion Space gives you full control, because this isn't only plug and play, but an ultimate gaming machine built for gamers who play beyond the preset and make it their own.

WHY YOU SHOULD BUY THE LENOVO LEGION GO (8.8", 2)

Detachable TrueStrike Controllers: Unlock Multiple Ways to Play

These aren't just detachable. They're built for total freedom. Snap, dock, flip or freehand your way to victory with Legion Go Gen 2's Legion TrueStrike modular controls. In FPS mode, the right controller can be detached, docked and operate as a mouse, giving you the edge in every firefight. And with a pivot D-pad, hall effect joysticks, and linear motors, every input feels as dialed-in as your loadout.

8.8" Lenovo PureSight OLED Gaming Display: Built for Speed and Immersion

Don't just play, but watch every frame flex. The 8.8" Lenovo PureSight OLED Gaming display is as immersive as it is competitive, with the true black of OLED panel, 16:10 screen ratio and native landscape, 144Hz refresh rate, and VRR for ultra-smooth response. With 500 nits brightness and rich DCI-P3 color, every scene pops. It's your visual edge.

Ultimate Performance for Elite Handheld PC Gaming

Built for ultimate performance on the go for elite gamers, the AMD Ryzen™ Z2 Extreme powers this handheld with a cutting-edge Zen 5 architecture, and RDNA™ 3.5 graphics. Thanks to AMD Fluid Motion Frames and Radeon™ Super Resolution, experience unmatched performance for today's hottest PC games wherever you are.

Built to Outlast. Tuned to Your Game.

Legion Go Gen 2's massive 74Wh battery delivers 50.4% more capacity than the last generation, so you can play longer and push harder while stay unplugged. Super Rapid Charge gets you back to full fast, minimizing downtime, while built-in battery optimization in Legion Space lets you tweak performance and power plans, maximizing battery life when you need it.

AVAILABLE SERVICES (purchased separately)

Legion Ultimate Support⁴

Legion Ultimate Support ensures your gaming experience remains uninterrupted with 24/7 assistance, rapid fixes, and comprehensive coverage—all designed to keep you in the game without interruption. For more info visit: www.lenovo.com/us/en/legion-support/

¹ Actual available capacity is less and varies due to many factors, including formatting, partitioning and operating system, etc. which utilize part of this capacity. The available capacity may change with software updates. MicroSD card sold separately.

² Super Rapid Charge: 10min charge 0-30% capacity, 30min charge 0-70% capacity, 80min charge 0-100% capacity in MS/S3/S4/S5 mode. Must use charger included with device; battery must be substantially depleted; charging rate slows as charging progresses. All battery life claims are approximate and based on two methods of testing including MobileMark® 2018 battery life benchmark (with 200nits brightness and default volume level) and continuous 1080p video playback on the latest update of Windows 11 and up (with 150nits brightness and default volume level). Actual battery life will vary and depends on many factors such as product configuration and usage, software use, wireless functionality, power management settings, and screen brightness. The maximum capacity of the battery will decrease with time and use.

³ Requires separately purchased Wi-Fi router and plan that may vary by location. Additional terms, conditions and/or charges apply. Connection speeds will vary due to location, environment, network conditions and other factors.

⁴ Legion Ultimate Support, which utilizes gamer-centric technicians, is currently only available in the United States, Canada, Japan, India, Taiwan, Hong Kong, Singapore, Philippines, Malaysia, Thailand, Vietnam and Korea. Premium Care for Gaming and advanced technicians will be available for the rest of the world. Products and offers are subject to availability. Lenovo reserves the right to alter product offerings and specifications, at any time, without notice. Some markets may not have 24/7 support capability and will follow the best available SLAs.
