| Short Description          | CYBERPOWERPC Gamer Supreme Liquid Cool SLC10680V6 w/ Intel Core i9-11900KF 3.5GHz CPU, 16GB DDR4, AMD Radeon RX 6700 XT 12GB, 1TB PCI-E NVMe SSD, 802.11AC WiFi, 7 Color RGB Gaming Keyboard/Mouse, Custom RGB Case Lighting & Win 10 Home 64-Bit   |
|                            |   |
| Long Description           | Get the pinnacle of gaming performance with the CYBERPOWERPC Gamer Supreme series of gaming computers. The Gamer Supreme series features monstrous processing power combined with the latest and greatest graphics cards to handle even the most demanding games on the market. An immense RAM allows you to easily tackle system-intensive applications such as video editing, and ensures a lag-free multitasking experience. A lightning-fast SSD boot drive provides quick load times for your most used games and applications. The Gamer Supreme series looks as stunning as it performs, as all these high-end components are packaged in a striking, sleek chassis. |
