Windows help system

The Windows help system provides you with detailed information about using the Windows operating system. To access the Windows help system, do the following:

For models with a Lenovo Companion:
1. Open the Start menu and then click or tap **Get Started** to get more details. You can enter **Get Started** or what you're looking for in the search box on the taskbar. You'll get suggestions and answers to your questions about Windows and the best search results available from your PC and the internet.
2. Click or tap **Support - User Guide**.

For models without a Lenovo Companion:
Open the Start menu and then click or tap **Manual** to access this guide.

For models with pre-installed operating systems:
Go to the Lenovo Support Web site to access your manual. See "Downloading manuals" for additional information.

Downloading manuals:
The latest electronic publications for your computer are available from the Lenovo Support Web site. To download the publications, go to www.lenovo.com/UserManuals.

The following information refers to the desktop model type: 700F/70-25HS / Energy Star

The descriptions in this guide may be different from what you see on your computer, depending on the computer model and configuration. Product design and specifications may change without notice.
