#VPBEAUTY | VANITYPLANET.COM

features:

Hello Shine

Anti-static, aluminum bristles help you get silky-smooth and frizz-free hair in minutes

Travel Friendly

Super cute, mini design is great for travel and on-the-go maintenance

Quick & Easy Styling

Brush design makes straightening easy and cuts down styling time

Natural Straight Look

Defeat bedhead and frizz without the hassle and pin-straight results of a flat iron

2 Powerful Heat Settings

Comes with 2 heat settings for quick results: 350°F (blue light) and 410°F (green light)

60-Minute Auto Shutoff

Because we all forget to unplug our straightener, your BB Flow will turn off automatically after 60 minutes

Setting	Temperature	Hair Type
1 - Blue	350°F	short, thin, damaged
2 - Green	410°F	thick, long, curly

features:

The **BB Flow Mini Straightening Brush** is an instant win for your beauty arsenal, giving you a naturally straight look in minutes. It's ideal for those with naturally wavy hair and those with frizz or bedhead that needs to be tamed. Simply pick your heat setting, brush through your hair, and then use **BB Flow** to glide through your locks. This mini tool is great for travel and on-the-go styling. Plus, its short bristles are designed to get close to the roots, so your boyfriend may steal your new favorite tool to use on himself.

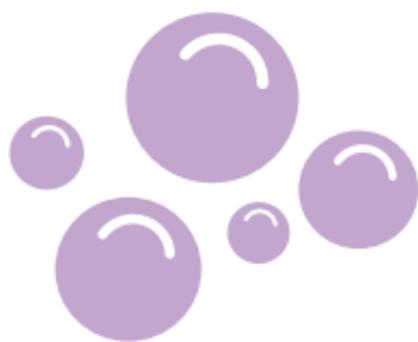

Dual Voltage: 100V-240V
Power: 35W

how to use:

1. Plug in your BB Flow Mini Straightening Brush and select your preferred heat setting by pressing the power button once or twice:
 1. Blue Light - 350°F
 2. Green Light - 410°F
2. The blue or green light will flash on and off while your brush is heating
3. Use a standard brush to run through your hair while your BB Flow heats up to get rid of tangles and knots
4. Once your brush has reached the desired temperature, the blue or green light will stop flashing and remain a solid color
5. When you're ready to straighten, brush through your hair slowly with BB Flow from roots to ends (you can brush on top or underneath your hair for desired results)
6. You may need to do a second or third pass depending how straight you want your hair
7. When your done styling, turn off your BB Flow and unplug it from the socket, allowing the plate to cool before storing

taking care:

To keep your Vanity Planet BB Flow in optimum condition, do not use abrasive cleaners or chemicals to clean any part of this device. Only clean when the device is off and cooled.

cleaning the handle:

To remove any residue or buildup, clean the handle at least once a week by taking a slightly damp cloth and wiping down the body of the unplugged device. Do not use soap.

cleaning the brush:

Wipe down the bristles and the reachable parts of the base plate with a slightly damp cloth while the device is turned off and cooled. Make sure to carefully clean around the edges to remove any hair product overspray.

important safeguards and warnings:

To ensure that you experience the full range of benefits from the Vanity Planet **BB Flow Ceramic Straightening Brush**, we recommend the following:

- Read through all the instructions in this manual prior to use
- Check the voltage before using to ensure the selected outlet corresponds with the power of this device
- Do not touch any direct part of the base plate (what the bristles connect to) while in use due to extreme heat
- Avoid using the device too close to skin of the scalp and neck to prevent burns
- Unplug the device by the cord's plug; do not unplug it by pulling on the cord
- Do not leave the device powered on when it is not in use to prevent overheating
- Do not leave the appliance exposed to sun, rain, or other weather elements

important safeguards and warnings:

- Keep the device out of the reach of children
- Keep away from water and liquids, do not get this device wet, or submerge it in water
- Use this device only for its intended use indicated in this manual
- Only use this appliance on dry, natural hair without any flammable hair products put on.
- This appliance is not suitable for artificial hair.
- Keep the electricity cable away from hot surfaces.
- Never operate this appliance if it has a damaged cord or plug. If it is not working properly, or if it has been dropped or damaged, or dropped into water, contact our customer service to get a replacement
- Never leave the hair straightener device without observation in order to reduce the risk of burn, electrical shock, fire or damage.

one-year warranty:

This Vanity Planet product is warranted to be free of manufacturer's defects in materials or workmanship for one year from the date of purchase. Damage or wear resulting from an accident, misuse, abuse, commercial use, or unauthorized adjustment and/or repair are not covered under this warranty.

Should this product require warranty service (or replacement at our discretion) please contact client service to obtain a Return Merchandise Authorization number (RMA) and return instructions; proof of purchase is required. Products returned without a Vanity Planet generated RMA number will not be accepted and the sender will not receive a refund, replacement, or repaired product.
