### TROUBLESHOOTING

#### Device not charging/LED is red

- Make sure that your device is Qi-enabled.
- Make sure that your charging pad is connected to a working power outlet.
- Make sure that your device is on the center of the charging pad with the screen facing up.
- Make sure that there are no other objects on the charging pad.
- Remove your device's case. It may be blocking the wireless signal.

#### Device charges slowly

- Your device may charge more slowly with the charging pad than a charging cable. This is normal behavior.
- Make sure that your device is positioned in the center of your charging pad.
