

Play:5

SONOS

**Our biggest home speaker
with the boldest sound.**

Knock your socks off sound.

Attention obsessive audiophiles and hard-core music lovers. Play:5 is your speaker. It's our biggest and best-sounding. So whether you've got a big room to fill with music or a discerning ear for divine sound, we've got you covered.

Superior stereo sound

You'll hear each separate instrument, voice, and sonic detail in all its glory. Six Class-D amplifiers with six dedicated speaker drivers deliver crystal clear, rich, deep, stereophonic sound with zero distortion. So go ahead and crank up the volume.

Line-in

Plug in any audio device—from your record player to a friend's phone—and listen to your favorite music on your Play:5. You can also send the music from your Play:5 to any other Sonos speaker in your home.

Multiple orientations

Stand it tall or set it on its side. Either way, Play:5 automatically optimizes the sound. When it's horizontal, it's in stereo. When it's vertical, it's in mono. The rubber feet on three sides make it safe for any surface.

Tech Specs

6x Class-D digital amplifiers
3x tweeter
3x mid-woofer
