

2. **Before fully loading beverages**, pre-cool the unit for **2 hours**.

3. After loading, close the door tightly. The display will show a temporary rise in internal temperature.

4. Allow the unit to stabilize at the new temperature for a sufficient amount of time.

Note: Temperature variations inside the unit are normal. The internal temperature varies in a way consistent with fixed-frequency refrigerators, with slight changes during warming cycles. Areas near the door may be slightly warmer.

Step 5: Maintenance

CLEANING YOUR BEVERAGE REFRIGERATOR

Follow the cleaning procedure below:

1. Unplug the unit and remove all beverages.
2. Clean the entire interior with warm water mixed with 5% neutral soap. Wipe using a soft cloth or sponge, and dry thoroughly.
3. For glass components, use only designated glass cleaners. Avoid plain water to prevent limescale buildup.
4. Reconnect the unit when it is clean and dry.

Note: DO NOT use hard brushes, wire brushes, abrasives, organic solvents, boiling water, acid or alkaline items, as this may damage the surface and interior of the unit.

Monthly: Clean dust from the condenser (located at the rear of the unit).

Quarterly: Please defrost the unit regularly by following the instructions in the user manual (frost forms on the back panel due to low temperature settings or insufficient food storage).

QUICK GUIDE

for CDR002-6 COMMERCIAL BEVERAGE

CDR002-6BL-USZX

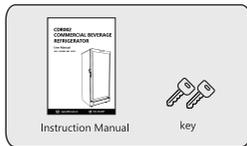

IMPORTANT SAFETY INSTRUCTIONS

-  **CHILD HAZARD:** An empty fridge is dangerous. Remove door/latches before disposal. NEVER let children operate, play with, or crawl inside.
-  **FIRE/EXPLOSION RISK:** Keep away from flammables (gasoline, aerosols, chemicals). **DO NOT** clean with flammable fluids or harsh chemicals. **DO NOT** store explosives.
-  **ELECTRICAL SAFETY:** Plug ONLY into a dedicated, properly grounded **115V** outlet (no extension cords/ungrounded adapters). **NEVER** pull the cord to unplug - grip the plug and pull straight out from the outlet. Keep the cord undamaged and secured.
-  **PROPER INSTALLATION:** Allow at least **25 cm (10 inches)** of clearance at the back and **10 cm (4 inches)** on each side for proper airflow. Keep vents unobstructed. Avoid moisture, heat sources, and direct sunlight.
-  **SAFE USE:** Ensure ample ventilation. Keep away from damp areas. **DO NOT** place heavy objects or step on top of the unit. Keep fingers/accessories clear of the door. **DO NOT** use mechanical devices to defrost.

Step 1: Unboxing

Unpack

Please carefully remove all internal and external packaging and check the accessories (user manual and 2 keys). If anything is missing, contact our customer service by phone at 1-833-632-0897 or by email at support@homyd.com.

Settle Refrigerant

Place the machine on a level surface and let it sit for **24 hours** to allow the refrigerant to settle before proceeding with setup and use.

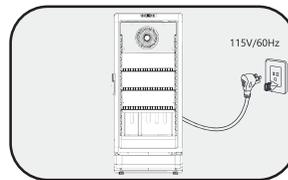

Position

Place on a level surface, away from heat sources, with a **25 cm (10 inches)** clearance at the air outlet. The room temperature should be maintained between **10°C (50°F)** and **32°C (90°F)**.

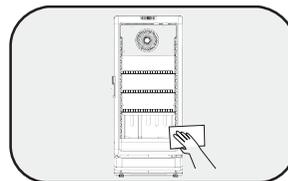

Power Connection

Use a **dedicated three-hole grounded outlet (115V/60Hz)**. Do not use extension cords or share the outlet with other appliances.

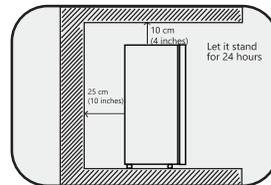

Step 2: Pre-Use Cleaning

Clean the interior with warm water and 5% neutral soap using a soft cloth or sponge. For glass parts, use appropriate glass cleaner. Avoid plain water to prevent limescale. Dry thoroughly before turning on the appliance.

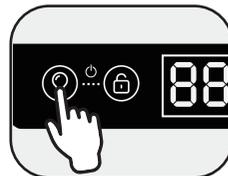

Step 3: Installation

- Let the unit stand upright for 24 hours before plugging it in to allow the refrigerant to settle and prevent cooling issues.
- Ensure proper ventilation: Leave at least **10 cm (4 inches)** of space on each side and top, and **25 cm (10 inches)** at the back.
- Place the appliance on a level surface and adjust the leveling feet to ensure stability during operation.

Step 4: Operation

1. After powering on, use the adjustable control to set a lower temperature. The adjustable temperature range is **0°C (32°F)–10°C (50°F)**. Press the  button to toggle the LED light on and off.
