CARE & MAINTENANCE

- For daily cleaning, use a dry cloth and a soft liquid cleaner.
- Never use abrasive cleaners containing acetone, chlorine or strong bleach. Also, do not use tools such as scrapers, metallic brushes, and other products which can scratch or tarnish surfaces.

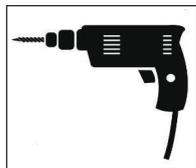

PRIOR TO INSTALLATION

- Carefully remove all the items from the carton and place them individually on a soft cloth to prevent scratches or other damage.
- Check the included items. If any items are missing or have been damaged during shipment, please contact our service team to obtain any missing or damaged items.
- Carefully and strictly follow these installation instructions to ensure a completed product is as designed.
- Do not tighten all the screws until the product is properly installed.
- Have the necessary tools ready.

TOOLS REQUIRED

Tapemeasure

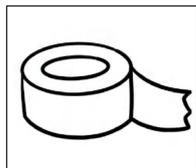

Electrical Drill

Screwdriver

Pencil /Marker

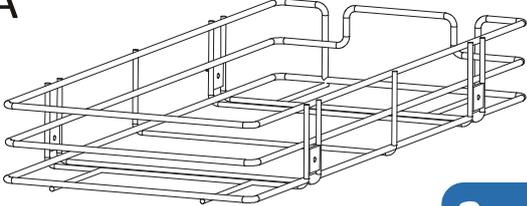

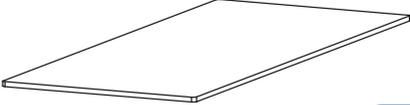

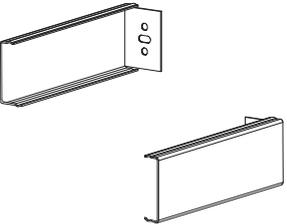

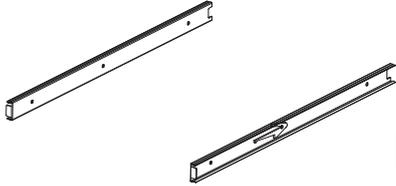

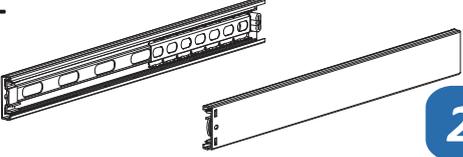

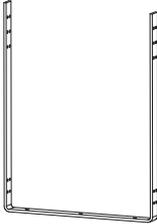

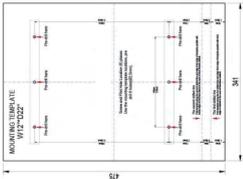

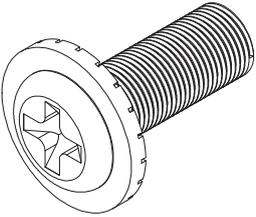

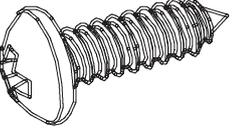

Tape

ARE YOU CHOOSING THE CORRECT SIZE ?

Ensure the Correct Measurement of the Cabinet

Note: Do not measure from the frame of the cabinet

If your cabinet has hinges, measure the width from the hinges, otherwise the hinges will prevent the basket from being pulled out

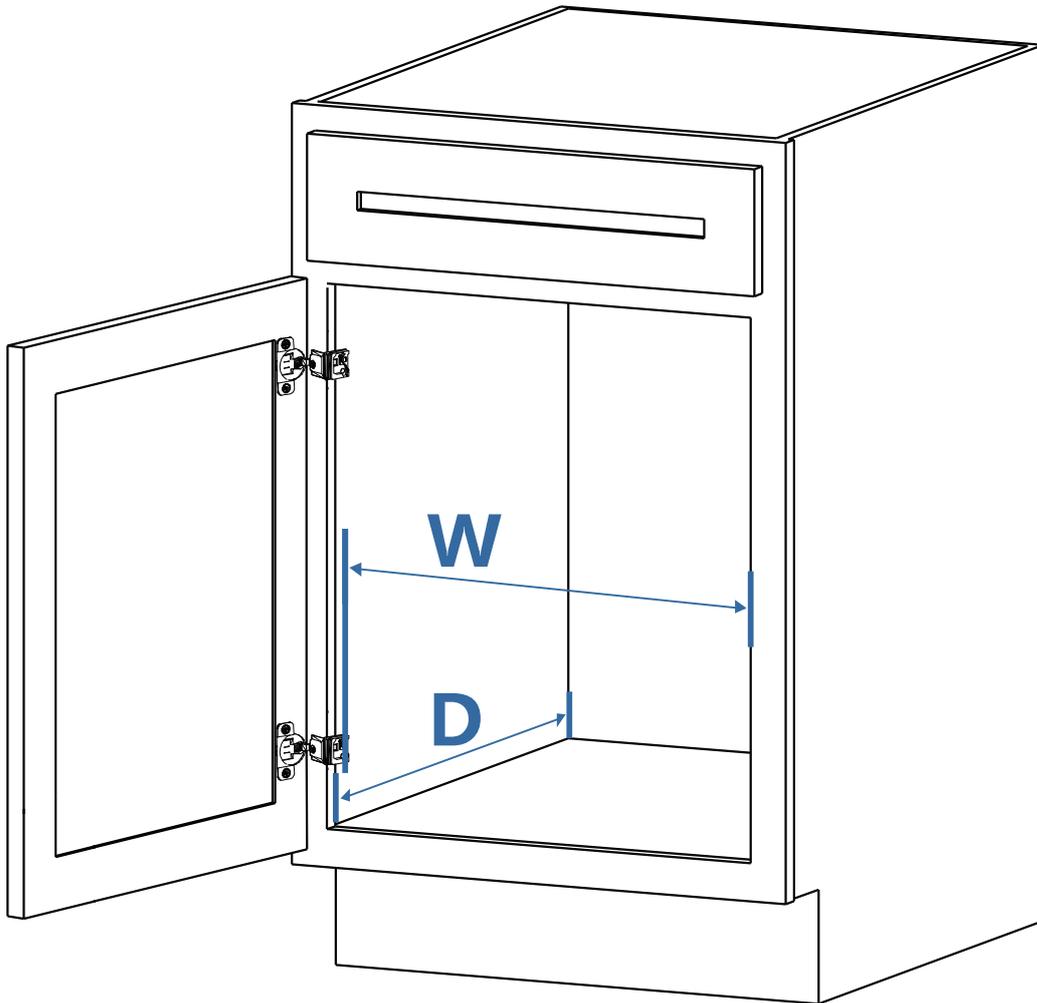

Manufactures products that fit into nearly all cabinet sizes.
Make sure to correctly measure your cabinets to allow the best fit.

Customer Service: help@EverythingSupport.com.

INSTALLATION INSTRUCTIONS

STEP 1

Using the measuring tape, first measure the cabinet empty size, select the appropriate size, and then prepare for installation.

Customer Service: help@EverythingSupport.com.

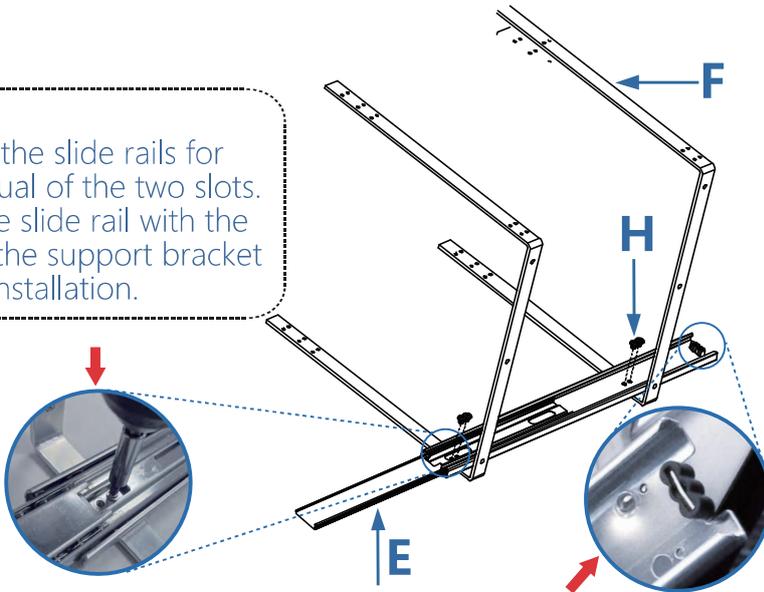

STEP 2

Use 16 pieces M4 *6 Screws (H) to connect Slide Rail seat (E) and Flat Iron Mounting Bracket (F) together, and the upper assembly position can be selected according to the actual height of the cabinet. When installing, please let Flat Iron Mounting Bracket (F) lie on its side for easy and safe installation.

①

NOTE:

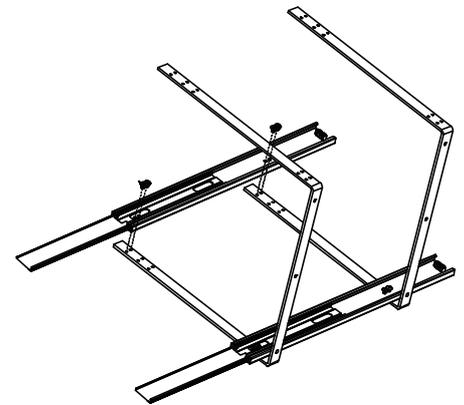

Pull out the slide rails for clear visual of the two slots. Align the slide rail with the slots of the support bracket before installation.

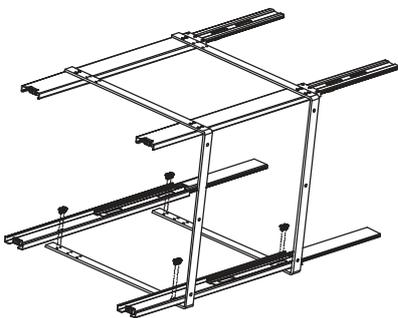

NOTE:

Identify the front end and back end of the slide rails. The back end of each slide rail has a black rubber and the front end does not, which should face inward.

②

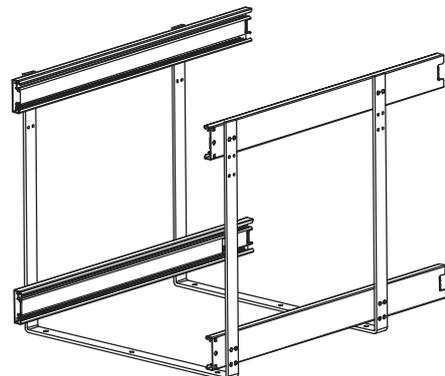

③

Rotate 180 °

④

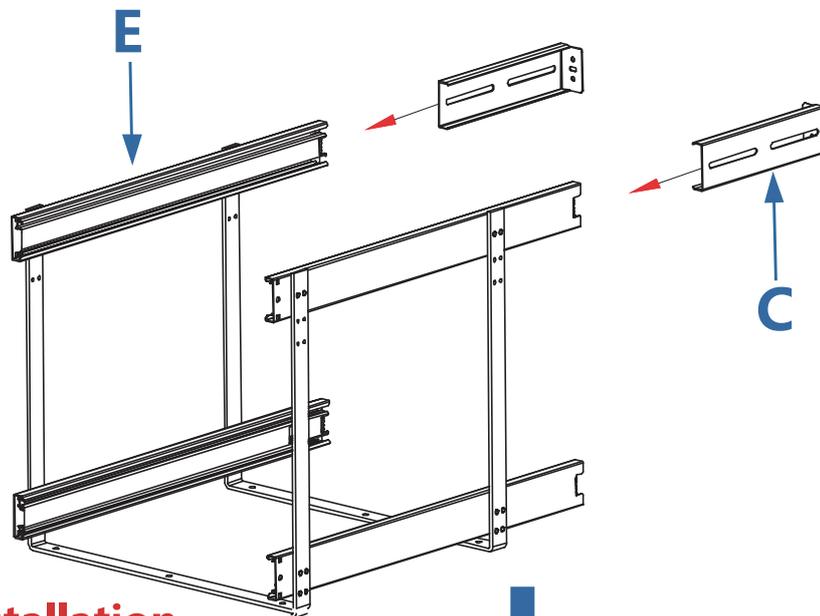

Installation Suggestion:

During installation do not let the support bracket (F) stand upright to avoid injury.

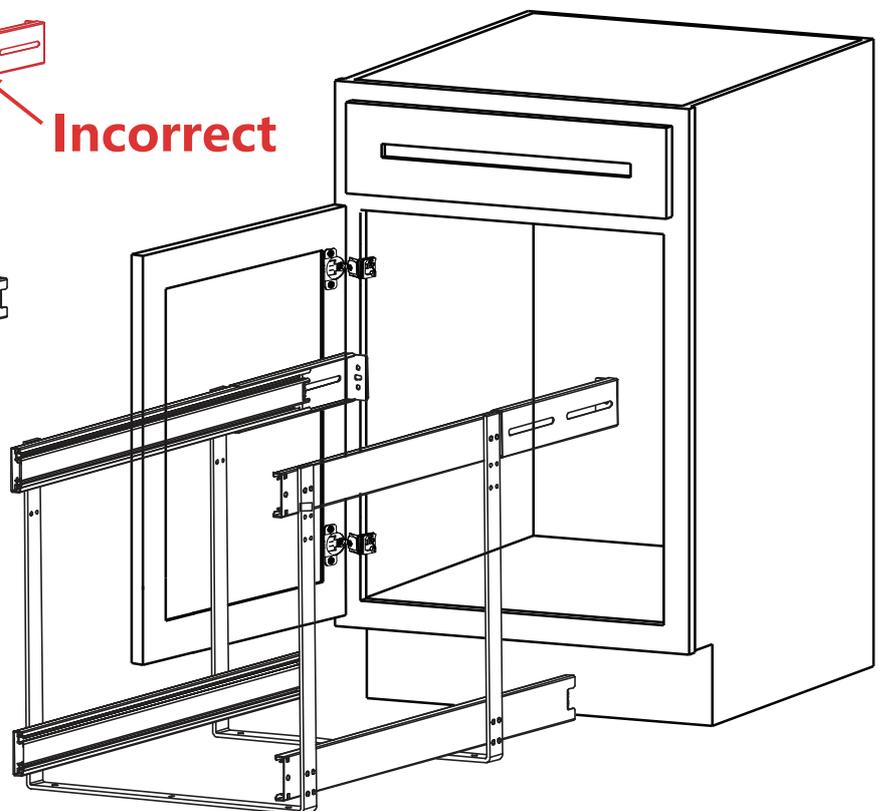

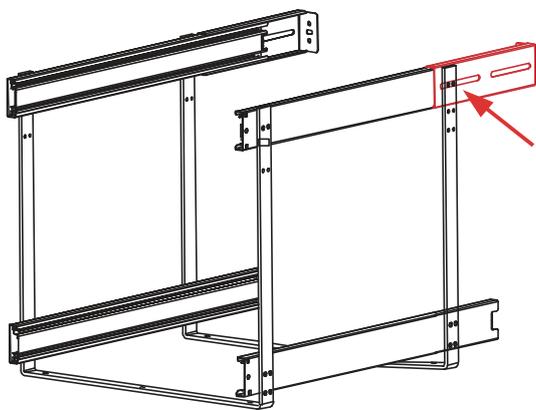

Customer Service: help@EverythingSupport.com.

STEP 3

Insert the Back Panel Mounting Bracket (C) onto the desired slide rail seat (E). Reference shown figure.

This is a wrong installation, don't lock the back Panel Mounting Bracket into the screw.

Customer Service: help@EverythingSupport.com.

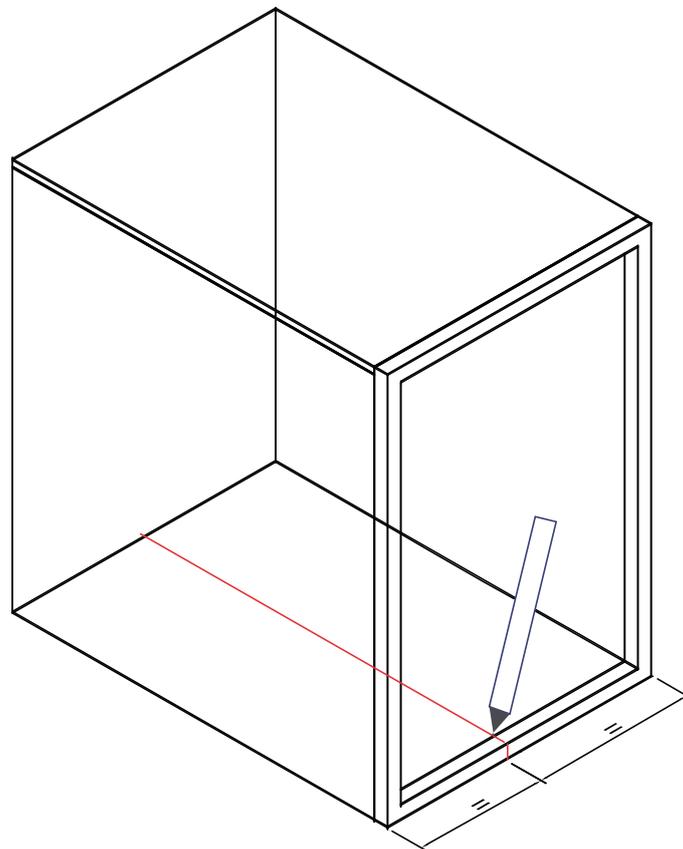

STEP 4

Fold the cabinet mounting template (G) on the dotted line to fit the front edge of the cabinet. Then place the cabinet mounting template(G) onto the floor of your cabinet. Using the cabinet mounting template (G) locations, pre-drill the 6 holes (Φ 2.5mm) at the marked locations, and then remove the template.

note: The hole position of the Mounting Template corresponds to the circular position of the slide rail.

STEP 4-1

Mark centerline in cabinet.(See Figure 1)

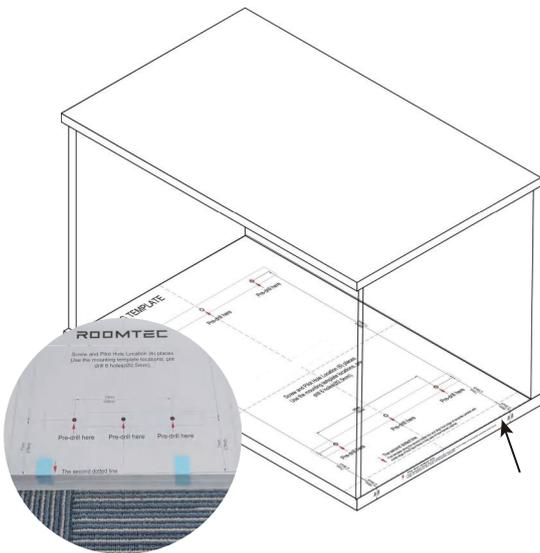

(Figure 1)

STEP 4-2

Use Mounting Template(G) to pre-drill holes as follows:

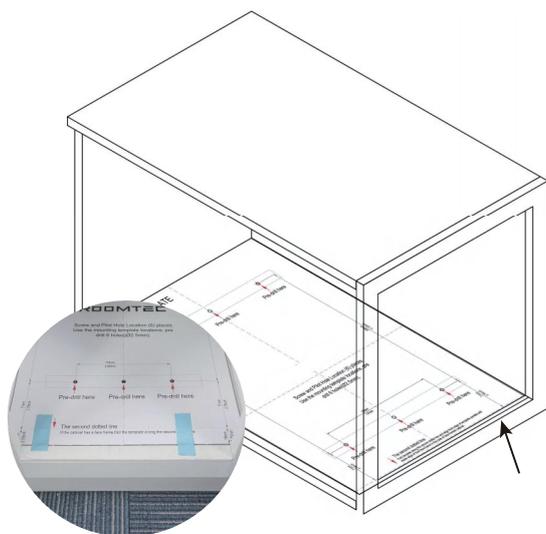

- (1) Lay template inside cabinet.
- (2) Fold template along the first dotted line or the second dotted line to fit the front edge of the cabinet.(See Figure 2, 3)
- (3) Align the template centerline with the centerline marked in the cabinet.
- (4) Taping template to the cabinet to keep template in place.
- (5) Pre-drill eight holes ($\varnothing 2.5\text{mm}$) using the mounting template locations.

◆ **Frameless Cabinet:**

Fold template along the first dotted line

(Figure 2)

◆ **Face Frame Cabinet:**

Fold template along the second dotted line

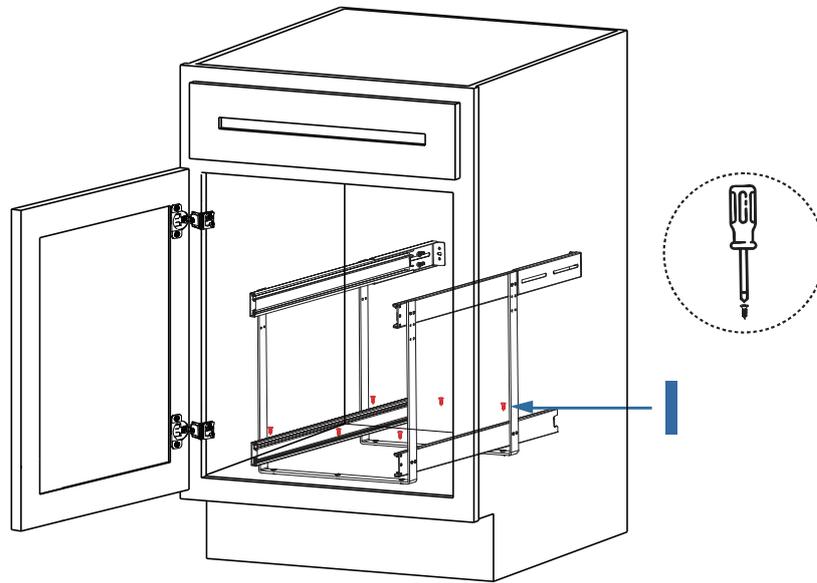

(Figure 3)

Note: The mounting template can be fixed with adhesive tape.

Customer Service: help@EverythingSupport.com.

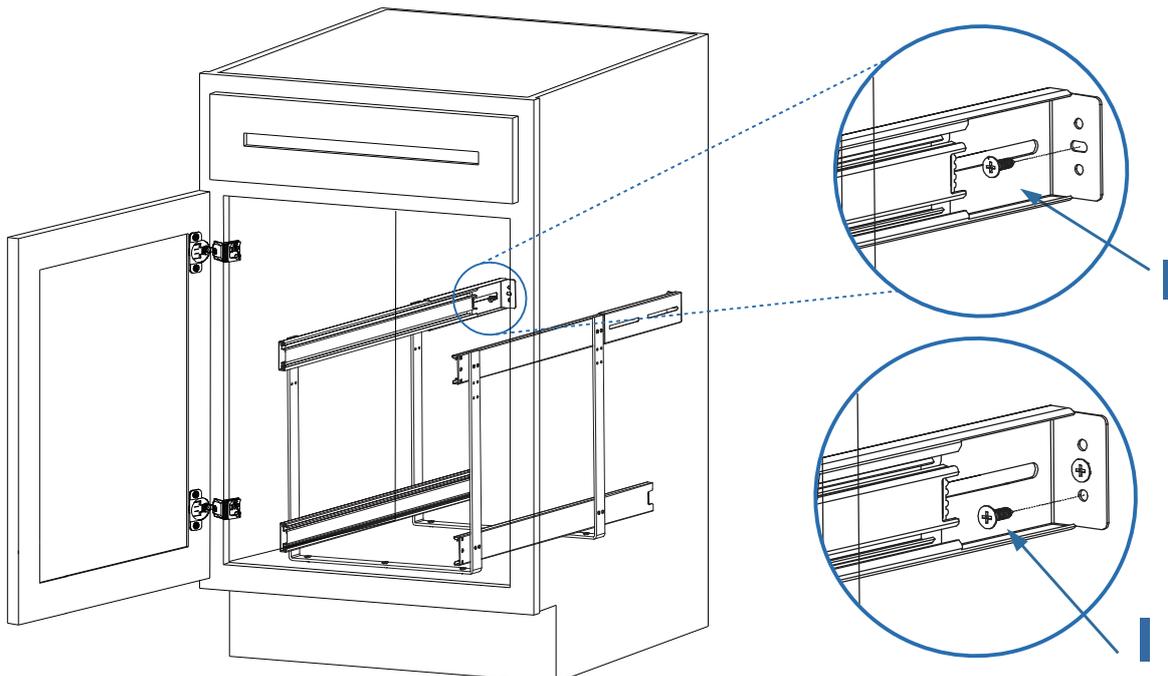

STEP 5

Place the assembled bracket to the floor of the cabinet. Use six ST4*18 tapping screws (I) to secure placement. Reference figure shown.

STEP 6

Use ST4*18 tapping screws (I) to secure the assembled bracket on the back panel of the cabinet. Reference figure shown.

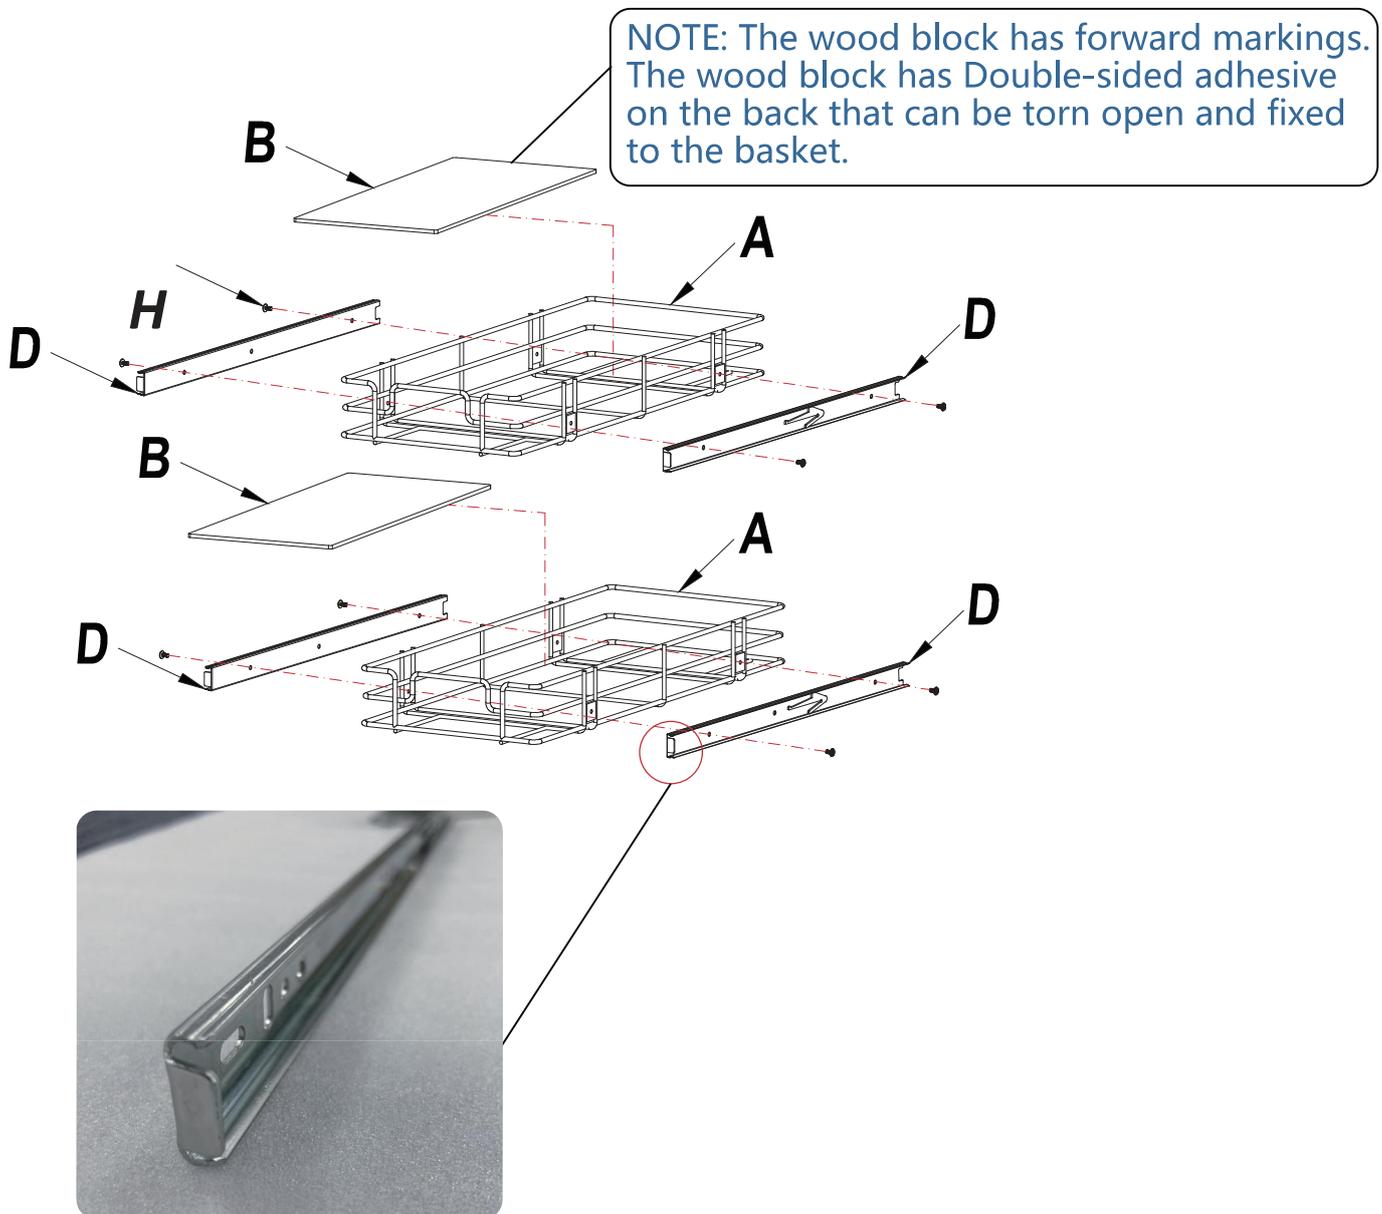

Customer Service: help@EverythingSupport.com.

Step 7: Install the basket assembly

1. Prepare basket (A), Inside the slide rail (D), ST4*6 Screw (H) , and wooden board (B).
2. Use the ST4x6 screws/sliding fixing plate onto the pull baskets (A) on both sides.
3. Install wooden board (B) into basket (A).

	A	B	D	H
Required Tools				

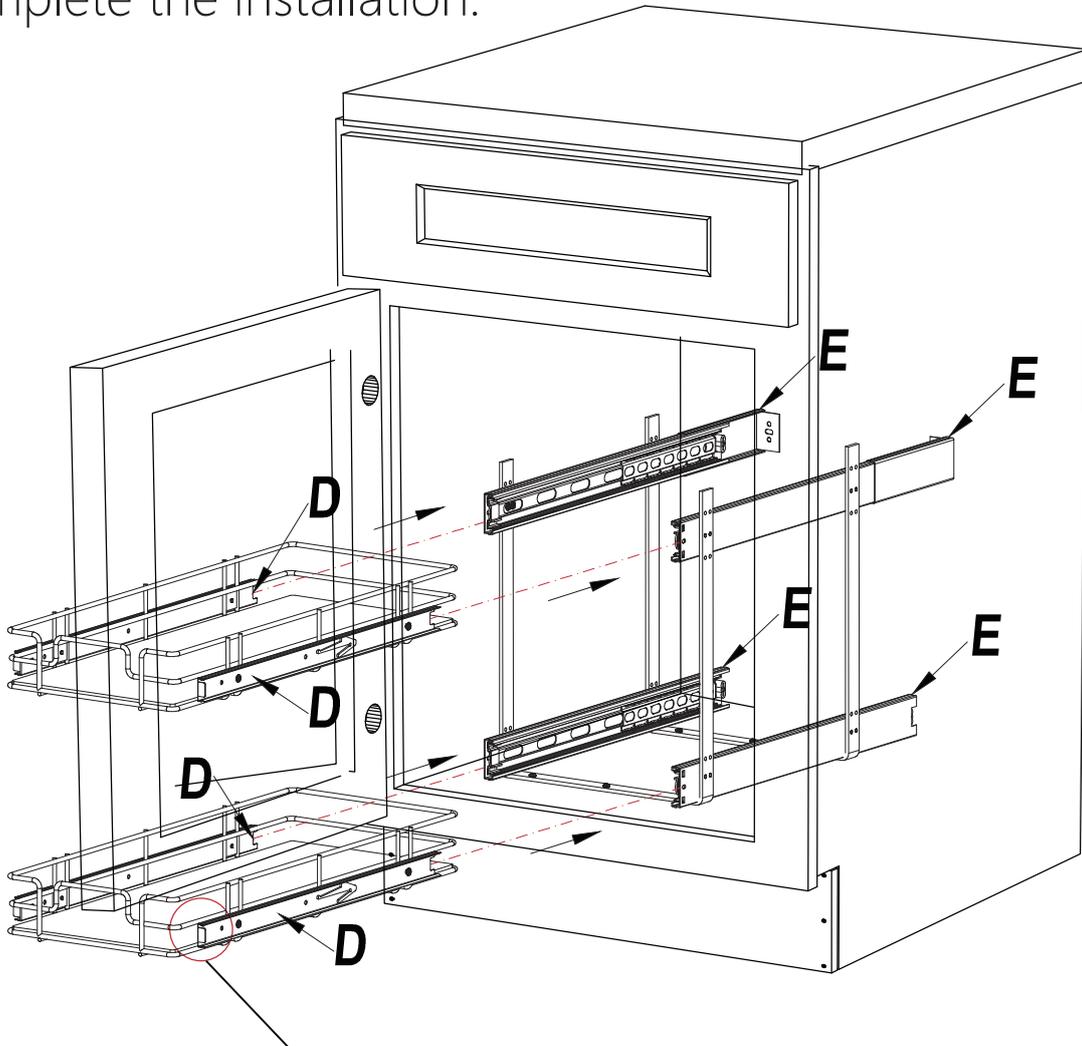

Forward

Customer Service: help@EverythingSupport.com.

Step 8: Combination installation

1. Prepare the first step basket assembly and the second step bracket assembly.
2. Insert the basket assembly slide rail fixing plate into the bracket assembly slide rail fixing seat.
3. Complete the installation.

Facing forward, pushing directly inward.

Customer Service: help@EverythingSupport.com.

AFTER-SALES SERVICE CARD

We sincerely thank you for trusting our service and our products, and may this product add enrichment to your home. We guarantee that the product has undergone strict quality inspection and meticulous packaging. If you encounter any issues regarding either shipping or the product, please feel free to contact us at any time. We'd be more than happy to serve you wholeheartedly.

Yours Sincerely

- Please clean with a damp cloth and wipe dry.
- Please avoid harsh, corrosive and abrasive cleaners
