Play movies, video games, karaoke and more—anywhere, indoors or out!

If ever there was a total party in one box, Projector Plus is it! This amazing unit projects full-color movies, karaoke and video games from 30 inches to an amazing 150 inches wide with its bright LED projector. Your backyard or living room will come alive with color and motion! Plus, it also comes with a long-lasting rechargeable battery that will give you about 2 hours of video or up to 100 hours of music. Your party is guaranteed, whether there's a wall plug or not.

Projector Plus fills your space with great sound as well as terrific visuals. A powerful 4-inch full-range speaker and powerful on-board 30-watt amplifier delivers great sound. You can stream music wirelessly from any Bluetooth[®]-enabled device.

Using Projector Plus is a snap—simply play your program from a thumb drive via USB or from your laptop or game console via HDMI. A high-quality microphone is included, and it's got dual mic inputs so you can add a second mic for karaoke duets and competitions! The only drawback to Projector Plus is that your guests will never want to leave!
