

Highlights

Highest safety and manufacturing standards

- Certified to the highest level of U.S. and international safety standards covering 31 certifications, including UL 2271/IEC 62133 (Battery Safety), UL 2272 (Personal Hovercraft Safety), CE, ISO 12001 (Safety Risk Assessment).
- Manufactured by a certified ISO 9001:2015 supplier.

Designed to last

- Steel-reinforced aluminum frame and fixed neck make for a secure, durable ride.
- Custom-designed, semi-solid tubeless wheels for virtually no flats.
- Features include: responsive brake system, longer-range battery, smart Battery Management System and enhanced lighting.

Smart and connected

- GPS and Bluetooth capability to locate and track your Bird.
- Over-the-air app and firmware updates continuously improve the experience.
- Features include: Automatic notification if your Bird is tampered with or moved while digitally locked; ride history; and battery level.

Part of our flock

- Best-in-class warranty and vehicle maintenance programs with prioritized customer support.
- Free dockless shared network ride credit with every purchase, for use in 100+ cities worldwide.

Details

SPECS

Top Speed	29kmh/18 mph	Braking	Regenerative front motor brake, rear drum brake
Range	Up to 48km/30 mi	Connectivity	Bluetooth and cellular
Battery Charge Time	6.4 Hours, dependent on existing charge	Splash Resistant	IP34
Hill Grade	10% grade (79 kg/175 lb load)	Weight Limit	100 kg/220 lbs
Firmware	Over-the-air updates	Wheels	9" Semi solid pneumatic
Lights	Automatic front and rear LEDs, 30-40 lumens	Battery	12800 mAh, 12.8 Amp-Hr
Lock	Digitally secured motor lock	Charging	Power supply unit with country-specific charging cable

DIMENSIONS

Length 1,097.28 mm/43.2" **Width** 463.55 mm/18.25" **Height** 1,188.72 mm/46.80" **Weight** 98 kg/38.6 lbs
