

Surface Mount with Buttons

iPad® mount and IP keypad combined in one elegant device.

Surface Mount with Buttons offers the best of both worlds: the immediate access of key functions via buttons combined with the richness of Apps on an iPad. Connect with nearly control system directly via IP.

BUTTONS

Included Buttons

FEATURES

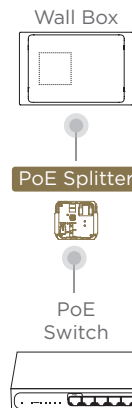

POWER & DATA OPTIONS

The Surface Mount System with Buttons enables you to power iPad and provide power and data to buttons from a single CAT-5 cable and PoE switch. With the optional Poe Injector, you can use non-PoE switches and routers to provide data to button while the injector sends power to iPad and buttons.

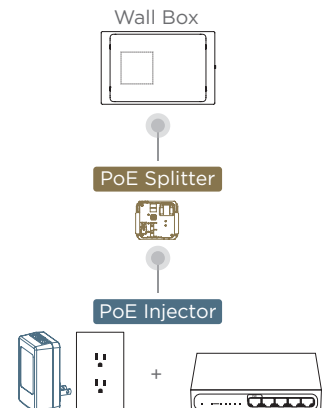

Power Options	PoE Splitter (Included)	PoE Injector (Sold Separately)
PoE Switch	●	
Receptacle	●	●

Power iPad via PoE (Power over Ethernet).

PoE Switch

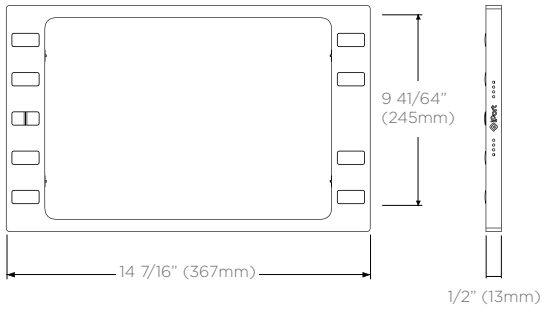

Non PoE Switch
