

DUNE BUGGY

A+ COPY

Item Name:

Razor Dune Buggy

Product Title: Razor Dune Buggy - Electric Ride-on, Up to 9 mph (14 km/h), Up to 40 Minutes of Continuous Use, Bucket Seat with Lap Belt, 8" Pneumatic Tires, 24V Rechargeable Battery System

Feature Bullets:

- Electric Powered Boost – Features a 250-watt reduction drive motor for maximum torque along with a variable-speed throttle and chain-drive for speeds up to 9 mph (14 km/h)
- Kid-Sized Beach Buggy – 8" (203 mm) knobby, pneumatic tires and terrain-following rear suspension come together for a smooth ride that's ideal for kids' (8+) first off-road riding
- Maximum Control – Operation is a breeze thanks to the hand-controlled accelerator and hand-operated rear disc braking system.
- Safe and Secure - The side roll cage creates a barrier between the rider and the outside, and the bucket seat with a lap belt adds security.

Product Copy (Short):

Want to give your child a taste of off-road adventure? Turn to the Razor Dune Buggy, the electric ride-on perfect for exploring lawn, dirt or uneven pavement at the park or the backyard. Outfitted with knobby tires, open frame style construction and a powerful 250-watt reduction drive motor for scampering up small hills and across bumpy terrain, the Dune Buggy is a kid-sized (8+) beach buggy ready for exploring. Parents will appreciate the durable construction, easy, hand-operated controls and the bucket seat with a lap belt.

Product Copy (Extended):

Want to give your child a taste of off-road adventure? Turn to the Razor Dune Buggy, the electric ride-on perfect for exploring lawn, dirt or uneven pavement at the park or the backyard. Outfitted with 8" (203 mm) knobby pneumatic tires, open frame style construction and a powerful 250-watt reduction drive motor for scampering up small hills and across bumpy terrain, the Dune Buggy is a kid-sized (8+) beach buggy ready for exploring. Parents will appreciate the durable construction, easy, hand-operated controls and the bucket seat with a lap belt. Other performance features include an active rear suspension, a strong tubular steel frame with diamond-plate floorboards, rear disc brake and, for increased visibility, a safety flag.

Subheading 1:

Kid-Sized Beach Buggy

Description 1:

This vintage-cool ride will give kids (8+) plenty of buggy thrills. The 8" (203 mm) knobby pneumatic tires and terrain-following rear suspension come together for a smooth ride that's ideal for off-road riding.

Subheading 2:

Electric Powered Boost

Description 2:

Features a 250-watt reduction drive motor for maximum torque along with a variable-speed throttle and chain-drive for speeds up to 9 mph (14 km/h)

Subheading 3:

Maximum Control & Convenience

Description 3:

Operation is a breeze thanks to the hand-controlled accelerator and hand-operated rear disc braking system. Another bonus is its light, yet durable tubular steel frame that's convenient for easy vertical storage.

Subheading 4:

Safe & Secure

Description 4:

Parents will appreciate the side cage, which creates a barrier between the rider and the outside, and the bucket seat with a lap belt for added security.
