TECH EMBER

ERASE
DATA ™

QuickStart Guide

Thank you for your purchase of ERASE DATA

ERASE DATA offers 3 great ways to erase data:

ERASE USER DATA - Erase personal data but KEEP the operating system in-tact.
ERASE FREE SPACE - Permanently erase previously deleted files.
ERASE MOBILE DEVICE - Erase data from an iPhone, iOS or Android device.

TO BEGIN DOWNLOAD AND INSTALL

1. Go to www.techember.com/quickstart
2. Click the Download button
3. Run the installer (downloaded file) and follow the instructions to install the program.
4. Open ERASE DATA and enter your ERASE DATA Activation Key Code when prompted.

ERASE DATA is now ready for use.

HOW TO USE EACH FEATURE:

How to use ERASE USER DATA – Erase personal data but KEEP the operating system In-Tact.

1. Open ERASE DATA

2. On the main menu, choose ERASE USER DATA and follow the on-screen instructions.

The ERASE USER DATA feature will permanently erase all personal data but leave the operating system in-tact. If you have any personal data or information you wish to save, you will need to back it up before using ERASE DATA

How to use ERASE FREE SPACE – Permanently erase previously deleted files and make them NON-RECOVERABLE

1. Open ERASE DATA

2. On the main menu, choose ERASE FREE SPACE and follow the instructions.

The ERASE FREE SPACE feature will permanently erase all previously deleted data on the selected volume.

How to use ERASE MOBILE DEVICE – Erase ALL data from an iPhone, iOS or Android device.

1. Open ERASE DATA

2. On the main menu, choose ERASE MOBILE DEVICE and follow the on-screen instructions

Not Supported in XP and Vista

WARNING!!!
All data erased by ERASE DATA is permanently deleted and is NON-RECOVERABLE.

ERASE DATA meets or exceeds compliance standards for HIPPAA, Gramm-Leach-Bliley Act, Sarbanes-Oxley Act, The Patriot Act, Identity Theft and Assumption Deterrence Act and others.
