

FEATURES & BENEFITS

SCAN TO VIEW
IN YOUR KITCHEN

- ⚡ **ThermoPrecision™ Temperature Management** - Employ the electronic temperature control equipped with an LED digital display to designate temperatures within the 41-64°F range. The wine cooler ensures your chosen setting is achieved and sustained with optimum precision.
- ⚡ **Maximum Storage Capacity** - 5.3 cu. ft. holds up to 45 Bordeaux bottles for maximum storage.
- ⚡ **LED Interior Light** - Amber LED interior light reduces heat transmission.
- ⚡ **Triple Pane Glass** - Triple pane glass with double glazed 'Low-E' coating reduces heat transmission.
- ⚡ **Single Temperature Zone** - Store red, white, or sparkling wines at the desired temperature for proper preservation and maximum taste.

PRODUCT DIMENSIONS & WEIGHT

Product Width	23 9/16 in.
Product Depth	23 7/16 in.
Depth (Including Handles)	25 15/16 in.
Product Height	34 1/4 in.
Net Weight (lbs.)	129 lbs.
Gross Weight (lbs.)	153 lbs.

TECHNICAL DETAILS

Storage Capacity	45 Bottles
Color/Finish	Stainless Steel
Power Voltage	120V
Power Input	80W
Temperature Range	41-64°F (5-18°C)
Amps	0.7
Cooling System	Compressor Cooling
Total Capacity	5.3 cu. ft./ 152 L
Noise Level	42 dB
Door Alarm	Yes
Security Lock	Yes
