Flexible Safety Strap secures smartphones of all sizes while cycling

- We strongly recommend using Safety Strap at all times. iOttie is not liable for any damage due to product misuse.

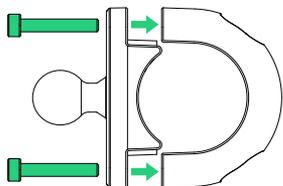

Mount rotates 360° for optimal viewing angles

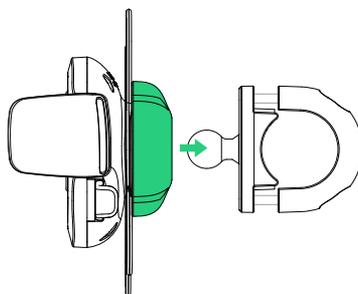

INSTALLATION

ⓘ Please Note: Remember to always use the Safety Strap to secure your smartphone while cycling. iOttie is not responsible for possible damages due to product misuse.

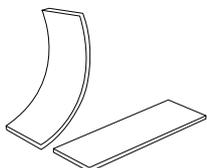

- 1A** - Place Bar Mount Base around the bike's handlebars or bike stem.
- 1B** - Tighten screws securely using the included Allen Wrench.

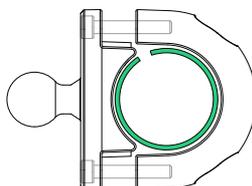

- 2** - Connect ball joint to Bar Mount Base and tighten Cradle Knob securely.

OPTIONAL INSTALLATION

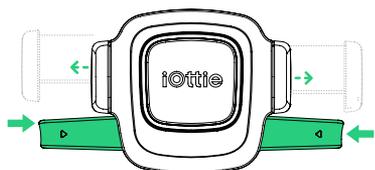

- 3** - Use the included Rubber Strips inside the Bar Mount Base if the mount is loose or doesn't fit securely on the bike's handlebars or stem.

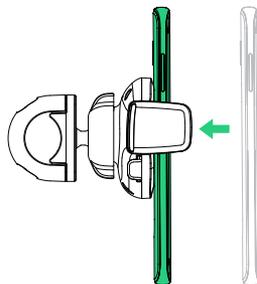

- 4** - Place Rubber Strip inside the Bar Mount Base if the bike bar is too thin.

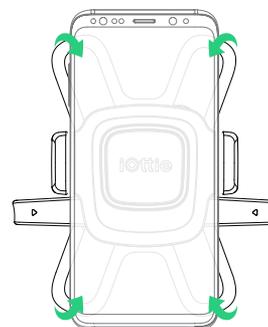

MOUNTING YOUR DEVICE

- 5** - Press Release Bars into to open Locking Side Arms.

- 6** - Put smartphone against the Easy One Touch Trigger Button, arms will automatically close against the device.

- 7** - Wrap Safety Strap over the four corners of smartphone to secure on mount.

ⓘ Always use Safety Strap when mounting your smartphone.
