H6 Series 4K ULTRA HD SMART TV

Model # 55DU6070

I'm a big deal

Have you ever seen a 4K UHD TV like this? We're guessing that if you did, it was not this affordable. It has four times more pixels (8.3 million) than standard high-definition TV, so the H6 Series 4K UHD TV has really bright colors, clean lines, and rich contrast. The HDR technology maximizes brightness while the built-in UHD Upscaler converts lower resolution content as close to 4K as possible. This series also features award-winning sound integrated from dbx-tv® and comes with tons of built-in apps to personalize your entertainment.

UHD UPSCALER

Convert any input and all resolutions (SD/HD/FHD) close to 4K resolution.

MOTION RATE

Reduces motion blur during fast motion scenes.

SMART

Web Browser, 4K Streaming: Netflix, Amazon, YouTube and more. Built-in apps & an App store.

dbx-tv® AWARD-WINNING SOUND

A suite of audio enhancements deliver deep, rich, enthralling audio to match the superior video quality of your 4K TV.

HDR

What do you get when you combine 4K resolution (8.3 million pixels) with HDR that displays a vibrant picture? You get crystal-clear images that have greater depth and appear so real, you'll want to reach out and touch them.

CONNECTIVITY

4xHDMI (2xHDMI 2.0a/HDCP 2.2), HDMI ARC, HDMI CEC, 3xUSB (1xUSB 3.0), 2x2 Dual-Band 802.11ac Wi-Fi

About Hisense

Hisense is a multinational consumer electronics manufacturer and one of the largest TV brands in the world. The company was established in 1969 in Qingdao, China and its US headquarters are located in Suwanee, GA.

Holding the #3 TV share position globally* and #1 TV share position in China** for 13 consecutive years, Hisense offers an innovative range of technology products that provide significant value to consumers.

Hisense products, including TVs, refrigerators, air conditioners, dehumidifiers, beverage coolers and freezers, are available globally in over 130 countries and regions.

The Company is committed to advancing the consumer technology industry across North America and has dedicated R&D centers in Atlanta, GA; San Jose, CA; and Toronto, Canada to enable localized product development and innovation.
