### Product Features:

1. Functions as both a space heater and cooling fan, allowing you to enjoy warm air in winter and refreshing airflow in warmer seasons, making it a practical all-year-round solution for indoor comfort.
2. Equipped with a high-efficiency heating wire element, this heater quickly warms up small to medium-sized rooms, delivering fast and consistent heat for bedrooms, living rooms, offices, or dorms.
3. Two heat levels and two fan modes allow you to easily adjust temperature and airflow based on your personal comfort needs, whether you want gentle warmth or stronger heating output.
4. The adjustable air outlet directs warm or cool air exactly where you need it, improving heat distribution and ensuring more efficient and targeted airflow.
5. Designed with integrated overheat protection, the unit automatically shuts off if it reaches unsafe temperatures, providing added peace of mind for daily home and office use.
