Features & Benefits

Power with control

A DCS Grill puts you in control of up to a massive 50,000 BTU total power. That power lets you choose the precise heat you need from low and slow to an intense sear.

Designed to match

With a matching look across all DCS Series 9 products, you can create a stylish, cohesive design for your Outdoor kitchen. Seamless installation and interconnectivity between products* allows for unified operation, from ignition to dial illumination.

Installation Flexibility

All Grill can be built-in to match the full suite of professionally styled DCS Series 9 products, or mounted on a freestanding cart. Provides an option for additional grilling space without the hood.

Robust Construction

Constructed from 304-grade stainless steel designed to withstand all types of weather conditions, with a quality weld and finish.
