

Sunpak

UV and CPL Filters

Highlights

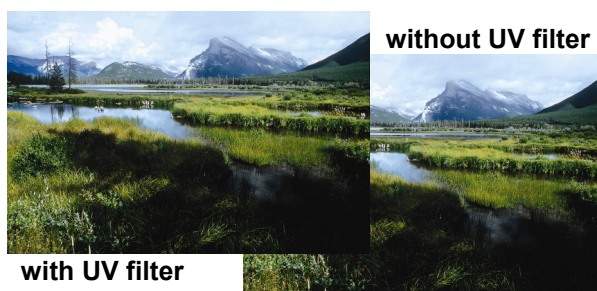

Sunpak UV and CPL Filters

Sunpak filters help you make the most of virtually every photo opportunity by improving image impact and quality. The Ultraviolet (UV) and Circular Polarizer (CPL) filters are from the high-quality multi-coated optical glass optimized for today's cameras, and backed by an extraordinary no-questions asked two-year warranty against defects in material and workmanship.

Ultraviolet (UV) Filters

Produces sharper, more vivid images and protects lens from scratches and dirt

This most commonly used filter also reduces the effects of ultraviolet light and atmospheric dust and haze so that you can get improved contrast and color saturation from sunny landscapes, including mountain, marine and aerial scenes. Also used as a protection filter to keep the front lens element clean from dust, dirt, fingerprints and damage.

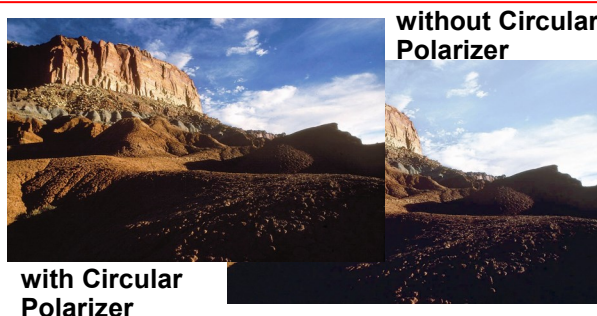

Catalog Number	Size	Description
DF-49MM-UV	49mm	Sunpak 49mm Multi-Coated UV Filter
DF-55MM-UV	55mm	Sunpak 55mm Multi-Coated UV Filter
DF-58MM-UV	58mm	Sunpak 58mm Multi-Coated UV Filter
DF-67MM-UV	67mm	Sunpak 67mm Multi-Coated UV Filter
DF-77MM-UV	77mm	Sunpak 77mm Multi-Coated UV Filter

Circular Polarizer (CPL) Filters

Reduces reflections, intensifies colors and deepens sky for dramatic images

Reduces reflections from non-metallic surfaces and cuts through haze so that you can increase color saturation and contrast and deepens the color of the sky when used for landscape photography. It's also useful when shooting window scenes and water by greatly reducing or eliminating reflections.

Catalog Number	Size	Description
DF-49MM-CP	49mm	Sunpak 49mm Multi-Coated Circular Polarizer
DF-58MM-CP	58mm	Sunpak 58mm Multi-Coated Circular Polarizer
DF-67MM-CP	67mm	Sunpak 67mm Multi-Coated Circular Polarizer
