EXTEND YOUR VIEW

Extend the reach of your surveillance cameras with a premium 4K compatible in-wall rated coax cable.

Features:

- Extend the distance on any analog HD (CVI/TVI/AHD/MPX) or analog (CVBS) security camera[1]
- Tested and certified to work with Lorex branded 4K resolution analog HD cameras
- Tested and certified to work with any brand analog HD (CVI/TVI/AHD/MPX) or analog (CVBS) security camera up to 5MP resolution
- Ideal for running along or inside walls
- Fire resistant jacket material limits the spread of fire
- UL/CM-rated cabling meets or exceeds National Electric Code (NEC) and Canadian Electric Code (CEC) standards

60/100 ft Extension Cable   **RG59** Video/Power Cable   **UL/CM-RATED**

Disclaimers:

1. Due to the extreme demands of 4K resolution, this cable is designed to replace the cable supplied with the camera. The extension cable must be a single stretch of cable between the DVR and camera. You cannot connect multiple extension cables to each other.
