ATTACHING YOUR SCREEN PROTECTOR

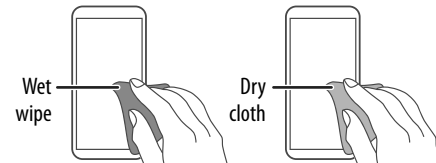

1 Remove your phone case (for easier install).

Note: To ensure that your phone's fingerprint reader works correctly, you must clear any registered fingerprints from your phone.

2 Remove the manufacturer's film from the screen (if applicable).

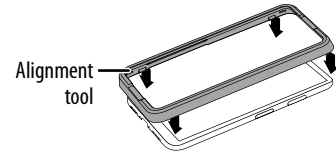

3 To prevent bubbles, clean your phone screen with the wet wipe, then remove moisture with the dry cloth.

4 Press the dust removal adhesive to your phone's screen repeatedly to remove any remaining debris.

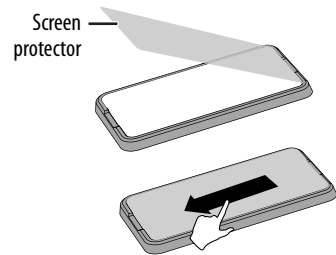

- 5** Push the alignment tool onto your phone until it snaps into place.

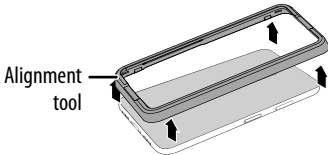

- 6** Use tab #1 to peel the backing film off the screen protector, then discard the film.

- 7** Align the top of the screen protector with the alignment tool, then press it down from top to bottom to adhere it to the screen.

- 8** Remove the alignment tool.

- 9** If there are bubbles, press them out toward the edges of the screen protector.

- 10** Reattach your phone case (if needed), then remove fingerprints with the polishing cloth.

- 11** Reregister your fingerprint.

Note: Make sure that your finger is dry and clean.
