Outdoor TVs and displays

Patio heaters and misters

Patio furniture

Outdoor audio

Your guests can enjoy your outdoor environment with sophisticated elegance and the latest tech.

Outdoor TVs and displays

Designed specifically for direct sunlight, providing high-resolution and high-performance while meeting the rigors of the heat and cold. We also have custom mounting solutions for outdoor kiosks and menu boards/ordering stations.

Patio heaters and misters

Nothing makes your outdoor spaces more enjoyable than providing heating and cooling comfort when your guests need it most. We carry a full line of efficient portable heater and misting solutions to help entertain all summer or winter long.

Patio furniture

Created with hoteliers in mind, our patio furniture solutions offer comfort, beauty, function and simplicity. Each collection is designed to complement any style or space—guaranteed to impress and endure through the seasons.

Outdoor audio

Wired or wireless, individual speakers to entire audio systems, we have all the best brands for entertaining outdoors. Our audio solutions let your guests immerse themselves in quality sound for TV surround or casual music listening.

Installation and protection no problem Thanks to Geek Squad.®

Our nationwide team of Geek Squad Agents can set up and install all your outdoor solutions, saving you from needing to pull your staff away from their regular duties. It's fast, easy and hassle-free. Just ask us how we can help.

Give your guests a reason to return.

Whether it's outfitting your in-room technology or entertaining your guests at the bar, Best Buy® Business can be your technology partner. With an expansive collection of curated commercial and consumer-grade products and services, Best Buy Business offers customized solutions specifically designed for turn-key installation for the hospitality industry.
