ASUS Zen AiO™

ASUS®

Zen AiO™  
The Art of Performance  
In Stunning Detail

### Stylish Design, Expertly Crafted

We believe that technology can be beautiful, and Zen AiO is the ultimate proof. Its seamless unibody construction is precision-crafted with a metal-effect finish in glamorous Quartz Grey, Zen-inspired spun-metal detailing and an elegant integrated stand, Zen AiO is not just a Windows PC, but an extraordinary work of art that will add grace and style to any home.

Stylish Design, Expertly Crafted | 

### IPS Display and Wide Viewing Angle

Incorporating industry-leading technology, Zen AiO ZN2411C features a large, bright LED-backlit display that enables its ultra-slim design. On the stunning edge-to-edge 24-inch widescreen display, which uses in-plane switching (IPS) technology, you'll experience a better picture from almost any angle, making sharing the screen with friends and family more enjoyable. The Full HD 1920 x 1080 resolution lets you enjoy games and movies in perfect detail with amazing color and contrast.

### 10-Point multitouch technology

ASUS Zen AiO represents a technological leap in touchscreen interactivity, with full 10-finger multitouch capability. Perform gestures such as pinch-to-zoom, or rotate images and scroll through webpages — all with ease. With its projected capacitive touchscreen technology, Zen AiO ZN241 gives you outstanding accuracy, effortless control in Windows 10, and an optimized touch experience. The smooth and responsive touchscreen makes swiping, scrolling, and all other gestures quick, more intuitive, and incredibly enjoyable.

### 10-Point Multi-touch Technology |

Optimized touch experience

### Expanding what you can do

Zen AiO ZN241 comes with four USB 3.1 Gen 1 ports for connecting all your peripherals, and an HDMI-out port for connecting an extra external display. And for ultra-fast and convenient wireless connectivity, Zen AiO ZN241 features 802.11ac Wi-Fi that is up to 3x faster than older 802.11n technology!

### Uncompromising Performance

### 10% faster with 7th-generation Intel® processors

The 7th-generation Intel® Core™ i5 processor in Zen AiO ZN2411C delivers a 10% performance boost compared to the previous generation of Intel® processors, as measured by the PCMark® 8 Creative test suite. This benchmark measures performance in a wide range of demanding professional- and enthusiast-grade creative tasks for entertainment and multimedia, including photo editing, video editing, media transcoding, gaming workloads and more. Zen AiO ZN2411C gives you all the power you need to create faster — and create in stunning style.

10% faster with 7th-generation Intel® processors

### Massive Multi-Speaker Sound

Get ready to give your ears a treat! Zen AiO with ASUS SonicMaster Premium goes beyond the ordinary to give you an audio experience like no other. Developed by the ASUS Golden Ear engineering team, its 2-speaker stereo configuration and 6-watt output delivers immersive full-range, multi-layered sound with rich, thumping bass and sparkling highs. With Zen AiO, it's just like being at a live concert!

Large and Clear Speakers | 

## Unlock the best Windows 10 experience

Windows Hello is the new way to log in to Windows 10 without the hassle of typing a password: With Zen AiO Pro, your face is your password! The front infrared camera recognizes your face in seconds and lets you log in instantly and securely. For giving voice commands to Cortana, Zen AiO Pro offers advanced array microphones that cleverly filter out all distracting background noise. This greatly improves the accuracy of voice recognition — even in noisy environments.
