

Already There

HX-HP101

MSRP \$49.99 / MAP Retail: \$39.99

JAM Already There Headphones are a step ahead. Featuring a 30ft Bluetooth® range, hands free calling, and a sweat resistant design, these sweet new phones are making a statement. They're also foldable for easy-peasy storage, and designed for a comfortable, on-ear fit.

Features

Playtime / Want to keep the party going all night? 24 hours of playtime should do the trick.

Bluetooth Compatible / Bluetooth range 30ft.

On Ear Design / Stylish on-ear design. Because where else would they go? The soft, light-weight, supra-aural ear cups sit comfortably on your ears without any bulk. The sleek cup design provides for a more natural, open sound to your environment and their small size allows for easy portability.

Hands-Free Calling / Control the convo. Hands free is the new black. When friends call to interrupt your party, you can answer the phone without disconnecting from your headphones.

Foldable Design/ Fold flat for storage, travel, or just because.

Sweat and Rain Resistant / Go All Out. Sweat resistant materials are designed to keep up. These specially designed headphones allow you to combat all the elements and keep the party going through just about any activity.
