Vibrant, precise XR

VIVE XR Elite features a brilliant, full-color passthrough camera and depth sensor that enable you to interact with virtual objects in your real-world space. Open up new possibilities in mixed reality for productivity, training, and collaboration.¹

**Get more done
with VIVE XR Elite**

Training and Simulation

Enable your employees to understand complex information quickly. Reduce costs, minimize travel, and improve the safety of your training program.

Design Visualization

Through XR, designers can iterate in real-time on human-centric ideas, eliminating the constraints of costly physical fabrication and mockups.

Skills-Based Training

Reduce employee training time and ensure delivery of high-quality parts by transforming expert knowledge into mixed reality work instruction on real equipment.

Collaboration

Immerse yourself in virtual meetings with personalized full-body avatars, or use full-color passthrough mixed reality to co-create and review projects in person to streamline your existing workflow.

Discover category-leading XR

Private and Secure

HTC VIVE safeguards the privacy and security of its customers and partners worldwide through certification in the ISO27001 and ISO27701 global standards. All VIVE headsets are 889 compliant and manufactured in TAA-designated countries.

Deployment at Scale

Inside-out tracking makes setup easy, multiple-device management options make sure everything stays up to date, and 5G availability ensures secure, guaranteed bandwidth at near-zero latency.

Designed for Extended Use

This headset features flexible power options that include the hot-swappable VIVE Elite Battery Cradle, detachable for enhanced portability. Glasses require an alternate power source for extended use.²

Modular and Versatile

VIVE eye/face³ and Wrist Trackers enable highly-immersive training scenarios, providing realistic engagement with accurate object interaction and unique performance insights.

A perfect fit for business

Unlock the power of PC VR

Render more complex scenes and graphic-intensive applications with VIVE Business Streaming software. Stream VIVEPORT and SteamVR™ PC-VR compatible content from your computer to your headset by cable or Wi-Fi 6E.⁶

AppStore

Explore videos, apps, and more with VIVEPORT—the XR app store for content. Find standalone and PC-VR content. Available as single or multiple seat license.

Partner Program

From bespoke programs created by our trusted Independent Software Vendors and enterprise developers to off-the-shelf packages that will immediately transform the way you work.

Device Management Systems

All the essentials to manage your VR headsets. Install, update, and assign content—as well as track, measure, and optimize device performance. Manage by user account, content, or device to increase efficiency.

VIVE Business Warranty & Services

Enterprise-grade support and services designed to protect your investment

Keep your operation running smoothly with VIVE Business Warranty & Services.* The package includes a two-year limited commercial-use warranty, support, and services. Features like next business-day email response and expedited product repair or replacement minimize downtime.

Comfortable and convertible

Get up to 2 hours⁷ of continuous power with the VIVE XR Elite Battery Cradle. Hot-swappable and replaceable for all-day power. Exact fit with adjustable straps.

Detachable for enhanced portability. Glasses require an alternate power source for extended use.²

Made for heavy-duty graphics

Boasts a combined resolution of 3840 x 1920. Up to 110° field of view and a 90Hz refresh rate in a remarkably compact form factor.

Stay focused

Adjust the diopters on each lens to optimize focus for each eye. Also beneficial for nearsighted individuals.

Find your comfort zone

Our stepless IPD (inter-pupillary distance) sliding adjuster lets you fine tune your viewing experience for better comfort and visuals.

Brilliant, full-color passthrough

Blend physical and virtual worlds in mixed reality with the high-resolution RGB color camera and depth sensor.

Depth-sensing precision

Accurate tracking and spatial awareness in varied light conditions.⁴

Stay cool

An active cooling system makes for long-lasting comfort. Thermal optimization keeps the temperature at ideal levels for enhanced performance and longer immersive sessions.

Go hands on

Skeletal-level hand tracking enables intuitive interactions.⁵ Navigate, click, drag, scroll, and type with natural hand and finger movements.

*VIVE Business Warranty & Services (BWS) is intended for commercial customers only. Any activation by an individual for personal consumer use may be cancelled or subject to revocation at HTC's discretion. BWS may only be utilized by the original purchaser or acquirer and may not be resold, distributed, or otherwise transferred. Registration required to activate your BWS products. By activating BWS products, you agree to be subject to the Terms and Conditions (<https://business.vive.com/us/warranty/>).

1. Content compatibility required.

2. VIVE XR glasses form factor requires an alternate power source with 30W power delivery or above or the VIVE Elite Battery Cradle—sold separately. Compatible controllers sold separately. Compatible content required for hand tracking.

3. Coming later in 2023.

4. Depth-sensing-enabled features are limited to indoor environments and won't be available until the end of the first quarter of 2023.

5. Hand-tracking features are VR content dependent.

6. Wi-Fi 6E support is country dependent. For more details please refer to https://www.vive.com/us/support/focus3/category_howto/in-what-regions-can-wifi-6e-be-used.html.

7. All battery claim results will vary. Battery life and charge cycles vary by use.
