

## WiFi Smart 3-Way Light Switch

## NEVER COME HOME TO A DARK HOUSE

The Wemo Smart Light Switch gives you total control over your lights with no subscription or hub required. Turn lights on and off from the wall, App, or with your voice\* using Apple HomeKit, Amazon Alexa or the Google Assistant. And now with 3-way, the new Light Switch can be installed almost anywhere. From porch lights to ceiling fans to recessed lighting, Wemo Light Switch can control nearly anything that a traditional light switch can and only requires one Smart Light Switch per 3-way circuit.

### VOICE

Control Wemo hands-free using your voice.\*

### CONTROL

Control lights from anywhere.

### PROTECT

Look like you're home even when you're not.

### SCHEDULE

Create scenes by setting rules and schedules.

\*When paired with a voice recognition device or service, sold separately.

# WiFi Smart 3-Way Light Switch

## LIGHT SWITCH PLAYS WELL WITH

works with the  
Google Assistant

Talk to the Google Assistant for hands-free voice control. Pair Light Switch with a Google Assistant enabled device and have a conversation with Google to control your lights.

WORKS WITH  
amazon alexa

Wemo works with Alexa for hands-free voice control. Pair Light Switch with an Amazon Alexa enabled device and use your voice to control your lights and appliances.

Works with  
Apple HomeKit

Wemo is compatible with Apple HomeKit. You can control your Wemo Light Switch with the Apple Home app and Siri from your iPhone, iPad, Apple Watch, or HomePod. Now you can ask Siri to turn on the lights when you get home.

In “home” and “away” mode, Nest will automatically control your Light Switch so your ceiling fan turns off to save energy when your home is empty or lights turn on when you come home.

“If This, Then That” lets you do amazing things with Wemo. Visit [IFTTT.com](http://IFTTT.com) for “recipes” to make Wemo turn lights on and off based on real-world events and much more.

## EASY SETUP

1

Install just like a regular Light Switch

2

Download the free app and connect

3

Control from anywhere

## TECHNICAL DETAILS

**Weight:** 3.7 ounces
