Features:

- Full HD 1080p video calling and video recording - great for webinars, video conferencing, live streaming, vlogging, etc.
- Built-in omnidirectional mic to capture natural sound
- Automatic low light correction adjusts color and brightness for natural lighting even in dim light
- Capture wide 90 degree angle distortion free video
- Plug-n-Play USB, no downloads or install of drivers or software
- Built-in tripod mount
- Adjust the camera eye up to 30 degrees
- Built-in clip will secure webcam to any screen or monitor
- Limited 1 Year Warranty

HD Video Conferencing

Video conference, vlog and video record in full HD 1080p video and audio with Skype, Zoom, WeChat, Google Hangouts and other video calling clients. Features an omnidirectional mic to capture natural stereo sound and a wide 90 degree angle distortion free view.

Universally Compatible

The HD 1080p Webcam is compatible with all laptops and computers running MacOS and Windows. The adjustable built-in clip will firmly secure your webcam to any screen or monitor. Built-in tripod mount makes the camera compatible with all tripods.

Auto Low Light Correction

Stream clear video, even in poor light. The webcam automatically fine tunes the image to eliminate harsh lighting conditions to produce bright video quality.

Built-in Tripod Mount

The webcam features a built-in tripod mount on the bottom of the mounting clip that is compatible with tripods and quick release plates with a 6 mm (.25 in.) mount screw.

USB Plug-n-Play

Get up and running quickly without having to install drivers or software. Simply connect the webcam to the USB port on your computer to start chatting with your favorite video calling application.
