## The Fan Favorite

We all play favorites. That's why there's the Hisense R7 4K UHD Smart Roku TV. Whether your thing is dramedy or thriller, football or fútbol, prime time, on-demand or local news—the R7 makes it easier to queue-up and deep dive the stuff you really love.

Enjoy easy access to thousands of free and paid channels plus over 500,000 free and premium content with Roku TV™. But endless streaming is only the beginning. An intuitive interface and simplified remote help you get the most out of your current cable or satellite subscription. Or, cut the cord altogether while still catching live news, sports and more in striking 4K resolution. Whatever your setup, the R7 Roku TV makes every day a great day to experience the entertainment you love.

The incredible movies and TV shows playing on your screen are equaled only by the advanced features we put inside the R7. Built-in Wi-Fi Dual Band Wireless and the ability to work with a Google

Assistant device means you can control your smart home in a whole new way. Controlling your compatible lights and thermostats are a great bonus, but the real wonder is getting answers and discovering great things to watch with the help of a Google Assistant device. And to ensure that all this incredible content and control goes straight to your eyes and ears HDR10 and Motion Rate processing deliver incredible detail, contrast and color without lag or judder. Plus, theater-inspired audio is engineered to keep you hanging on every word.

No wonder why we think it's a soon-to-be-favorite of entertainment fans everywhere.

### Roku TV Content

Start with quick access to nearly endless content. At the touch of a button, you're in control of a digital library with more than 500,000 free and premium entertainment options across thousands of channels. The biggest networks. The top streaming services. All the live sports, must-see TV, award-winners, blockbusters, and kid-friendly content a person could ever "need." And with Universal Search, the R6 does the curating for you.

### HDR

High Dynamic Range offers an incredible new vision for experiencing your favorite games, movies and shows by adding dramatic contrast and brightness to every second of every scene. And with HDR 10+ and HLG formats also supported, the R6 gives you more ways to dive deeper into blockbuster-level color and detail from the comfort of your couch.

### Works with the Google Assistant

Google Assistant turns your TV into the ultimate conversation piece. With a Google Assistant device and voice command, you can take control of your smart home. Turn on the TV and lights. Set a reminder or adjust the thermostat. Check your calendar and the kiddos bedroom. Discover and play your favorite songs or shows. Or get answers about weather, traffic, sports scores and that show you're watching. Just say the word. The options are limitless.

### Works with Amazon Alexa

Use an Alexa-enabled device that you already own to control the R6

### DTS Studio Sound

What good is a beautiful picture if the sound is tinny and thin? You'll be blown away by the full and detailed sound of the integrated and award-winning digital audio technology integrated by dbx-tv.

### 1000s of Channels

The cure for boredom is better known as the Hisense R6 Roku TV. Netflix. Hulu. YouTube. ESPN+.\* Thousands of channels, from major broadcast networks to the top streaming services, offer hours upon hours of movies and TV shows at any moment. Watch live sports, award-winning dramas or find child-friendly movies and shows. Your favorites, both current and soon-to-be, are presented in an easy to use way. Entertain with the best streaming content in one place.

\*4K & HDR content is not available on all channels, may require additional payment to access, and is subject to channel provider bandwidth requirements.

### Fast and Easy Search

Enjoy fast and easy Universal Search that discovers content far and wide, then displays it all in one place.\* Simply name a title, actor or director to find movies and shows featuring their work. That's all the R6 needs to tell you which items are free or premium, then point you to where to watch—including on-demand or live TV. It's just as fun as it sounds.

\* Roku search does not work with all channels..
