

QUICK SETUP GUIDE

Wired Optical Mouse

NS-PNMW319

PACKAGE CONTENTS

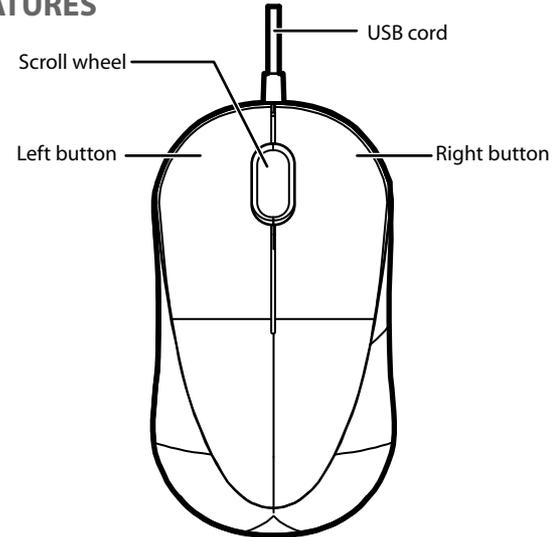

- Wired optical mouse
- *Quick Setup Guide*

SYSTEM REQUIREMENTS

- Windows® 10, Windows® 8.1, Windows® 8, Windows® 7, Mac OS 10.4 or higher
- One available USB port

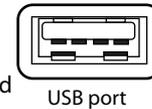

Before using your new product, please read these instructions to prevent any damage.

FEATURES

SETTING UP YOUR MOUSE

- Plug the USB connector into a USB port on your computer. Your computer automatically finds and installs the appropriate driver. When the installation completes, you can use your mouse.

CLEANING YOUR MOUSE

- Wipe the mouse with a damp, lint-free cloth.

TROUBLESHOOTING

My mouse is not working.

- Try connecting your mouse to a different USB port on your computer.
- Make sure that your computer meets the system requirements.
- Only use the mouse on a clean, flat, non-slippery surface to ensure smooth and accurate cursor action.

My mouse or scrolling wheel is too sensitive or not sensitive enough.

- Adjust your cursor or scroll wheel settings on your computer.
- See your computer's user manual for more information.

USB speed: USB 2.0, 480Mbps

Cable length*: 59.055 in. (1.5 M)

*Values for weight and cable length are approximate.

LEGAL NOTICES

FCC Statement

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses, and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

FCC Caution: Any changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate this equipment.

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Radiation Exposure Statement:

The product comply with the FCC portable RF exposure limit set forth for an uncontrolled environment and are safe for intended operation as described in this manual. The further RF exposure reduction can be achieved if the product can be kept as far as possible from the user body or set the device to lower output power if such function is available.
