

# alcatel SMARTFLIP™

## EASY. ACCESSIBLE. CONNECTED.

The **SMARTFLIP™** is a modern flip phone with some of the key essentials of a smartphone and none of the hassle. The 2.8" display includes an easy-to-use, easy-to-see menu and the large keypad is designed for quick dialing and navigation. Check your text messages, email, calendar appointments, and surf the web – all with fast 4G LTE speeds. Try Google Assistant and get things done using just your voice.

### EASY AND INTUITIVE

The 2.8" internal color display is easy to see and use. The keypad is designed with large buttons for quick dialing and easy menu navigation. See who's calling without opening the phone thanks to the 1.44" external preview display.

### GOOGLE IS HERE TO ASSIST YOU

The Alcatel SMARTFLIP comes preloaded with Google Assistant, which helps you get things done and find answers on-the-go, using just your voice.

### SIMPLY CONNECTED

Enjoy crystal clear calls with HD Voice. Browse the web, check email, and manage your calendar on the go with fast 4G LTE speeds. Alcatel SMARTFLIP is certified FirstNet-Ready, making this device an ideal tool for first responders and public safety agencies.

### ACCESSIBILITY FOR ALL

The SMARTFLIP comes with a host of accessibility features like Real-Time-Text (RTT) and hearing aid compatibility that enable any user to stay easily connected.

### POWER, SPEED, AND ENDURANCE.

Be productive at work and home thanks to KaiOS, a quad-core processor, 4G LTE speeds, and an expandable memory slot that supports up to a 32GB microSD™ card. Plus, looking for a charger won't be part of your daily worries thanks to the long-lasting battery.
