## Design

- Rear Key Placement – ambidextrous, multipurpose use of power/lock
- Side Key Placement – Volume Keys with quick shortcuts to Capture+ or Camera when the screen is locked or off
- Customizable Home Touch Buttons – includes Notifications and Capture+

## Convenience

- Interruptions – control Notifications and Alerts received; choose to receive all, none, or only those from a specific priority list
- View and respond to Notifications on the Lock Screen
- Knock On\* – double tap the screen to put your phone to sleep/wake it without picking it up or pressing the Power/Lock Key
- Knock Code\* – create a 6- to 8-point tapping pattern for security and direct access to the home screen with over 86,000 possible combinations
- Capture+ – write or draw on nearly any screen and schedule memos to appear at certain times or locations
- Customizable Keyboard – adjust keyboard height and layout
- Multilanguage Support for Phone and Keyboard input
- QuickMemo+ – create memos and then add text, images, screen captures, and more
- Battery Saver – minimize the battery consumption through efficient UX control
- Clip Tray\* – copy multiple items and paste them on a clipboard that pops up at the bottom of the screen, creating a collection of information from which you can save or send
- Content Lock – password/pattern protect your memos in QuickMemo+

## Camera/Video

- 5MP Rear-Facing Fixedfocus Camera with LED Flash
- 2MP HDR Front-Facing Camera
- Gesture Shot<sup>1</sup> – take selfies with a simple hand gesture
- Selfie Light<sup>1</sup> – screen will illuminate a soft light around the photo preview for well-lit selfies
- Auto Shot<sup>1</sup> – take selfies automatically using face detection
