### Features & Benefits

#### Ergonomic

DishDrawer™ dishwashers are as easy to open and close as kitchen drawers and can be conveniently positioned at counter height so loading and unloading requires minimal bending.

#### True Half Load

Each drawer holds a true half load for guilt-free small washes and fast turnaround of your dishes. Both drawers operate independently so different wash cycles can operate simultaneously to accommodate a variety of loads.

#### Reliable Performance

The combination of intelligent technology and simple mechanics means more space for your dishes, greater reliability and excellent wash performance.

#### Easy to Load

DishDrawer™ dishwashers include a range of flexible racking options. The cutlery basket can be customized for different utensils. Folding tines can be folded flat to accommodate a full load of pots. Pitch-adjustable tines can accommodate normal plates, deep bowls or slide completely out of the way. Height-adjustable cup racks allow for different shapes and sizes and provide wine glass supports.
