

HORIZON10™

TAKE YOUR IN-VEHICLE INFOTAINMENT TO NEW HORIZONS

PN: iX210
UPC 609098906531

10.1-inch FLOATING MULTIMEDIA INFOTAINMENT DISPLAY SYSTEM

A new horizon at your fingertips with an elegant 10.1-inch capacitive touchscreen that is feature packed with wireless Android Auto® and Apple CarPlay®. Engineered for flexibility, HORIZON10 is compatible with single and double-DIN openings using standard radio installation kits.

In addition to popular cars and trucks, HORIZON10 also fits in vehicle applications like classic cars, golf carts, RV's and UTV's where a standard aftermarket radio might not be an option due to fitment constraints.

WHY YOU'LL LOVE HORIZON10

HORIZON10 is your new in-vehicle infotainment system featuring Stinger's 10.1-inch floating touchscreen multimedia display. With HORIZON10, you can now enjoy a clean, user-friendly, interactive experience and modern aesthetic in any vehicle.

- Control your external DSP volume via the only Variable Volume Optical Output that allows you to control your volume when an external DSP is used, even with steering wheel control
- 3 USB ports for charging and data input
- HDMI Input for external audio/video from compatible devices with HDMI out
- Flexible Installation Options for single-DIN, double-DIN, flush mount and angled mounting and easily detachable display
- Versatile modular design allows for fitment in most vehicle applications where a standard radio will not fit
- Packed with the latest in technology including CarPlay®, Android Auto™, HD Radio, and SiriusXM
- Hands-free calling and wireless music streaming via Bluetooth; Supports dual phone connections
- For the true audiophile, the digital fiber optic output generates a clean noise-free signal to any external DSP (sold separately).
- Equipped with a built-in equalizer so you can fine-tune your vehicle's sound system experience
- Drive safer and see from all angles; with HORIZON10, you can display up to 4 safety cameras (sold separately)
- Experience the sharpest, clearest graphics with a 10.1-inch, anti-glare, high-resolution capacitive touchscreen display with 16.7M colors

IMPROVE YOUR SOUND

HORIZON10's sonic capabilities allow for a versatile and more detailed sound experience.

- On-screen control of AudioControl's DM Smart app
- 4.5Vrms, 8ch RCA audio outputs with subwoofer control
- Toslink (optical) audio output; 48kHz variable
- 15-band adjustable graphic EQ
- 6 user EQ presets
- Built-in crossover with HPF and LPF

YOUR MEDIA, YOUR WAY

Gain total access to your smartphone's music and navigation capabilities.

- Apple CarPlay® (Wireless and Wired)
- Google Android Auto™ (Wireless and Wired)
- SiriusXM-Ready™
- HD Radio
- 3 USB rear inputs, 2 USB-A 1.5A output, 1 USB-C 3A output
- Hands-free Bluetooth® 5.1
- HDMI input

YOUR SAFETY OPTIONS

In a world where road accidents are all too common, HORIZON10 can help reduce risk, increase safety and protect your precious cargo.

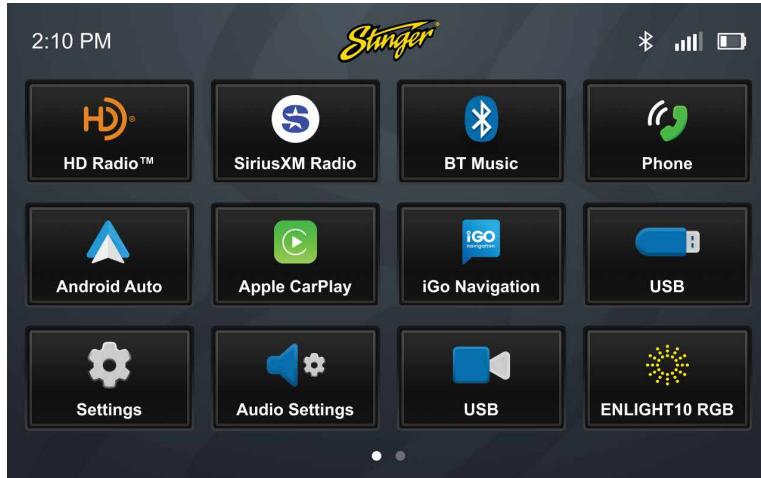

- 4 camera inputs, selectable via camera mode display, turn signal for blind spot viewing or simply by adding a rocker switch for trailer or tow viewing.
- Rear camera audio input enables the driver to hear sound from an optional RV camera microphone.
- Built-in micro SD card slot for optional NextGen iGO navigation
- Customizable; personalizable background, moveable Home screen icons
