

ROTOR RIOT

Model

RR1800A - Black

Description

Wired Video Game and Drone Controller

Buttons

Menu, L & R Joysticks, D-Pad, ABXY, L1, L2, L3, R1, R2, R3, Ludu Mapp Launcher

Features

Wired USB-C connection, USB-C connected cable.

Affiliate App

Ludu Mapp (for all controller compatible titles available)

Warranty

90 days warranty.

Features

Android USB-C connected controller for use with hundreds of controller compatible apps from games to remote control vehicles (not all drones and games are compatible). Rotor Riot controller plugs directly into, and is powered by your mobile device eliminating latency and lag experienced when using a Bluetooth connection. No installation necessary for use, plug the controller into your device and play! Compatible games can be found in the affiliate app.

Affiliate App

Ludu Mapp is the official affiliate app of the Rotor Riot controller, download Ludu Mapp using QR code below.

Works Great With...
