\$87.37

Produce reliable, low-cost results at fast print speeds. HP 940 printhead technology is designed together with HP 940 ink cartridges to deliver the quality and reliability you've come to expect from HP.

HP printheads are designed for reliable performance throughout the life of the printer. Enjoy the security, savings and reliable performance that come with Original HP printheads.

HP is a leader in service and support, providing a warranty for reliability you can count on. All Original HP printheads are guaranteed to be free of defects in materials and workmanship during the period of the warranty.

Enjoy low-maintenance, trouble-free printing. Save time and increase your productivity, using HP printing supplies designed for reliability you can count on.

HP 940 printheads work exclusively with HP 940 ink cartridges to deliver both increased value and printed pages.

Maximize your productivity and avoid downtime—Original HP printheads are designed under rigorous quality standards for precision performance. Reliable operation saves you time, improves productivity and lowers overall printing costs, making Original HP printheads an excellent value.

HP high-impact printhead technology—designed with HP 940 inks—delivers business-quality black and vibrant color with pinpoint accuracy. Innovative HP Smart technology in HP supplies and HP Officejet Pro printers ensure professional results.

When you need fast, reliable performance, HP 940 printheads get the job done. The new, large printhead design—part of HP Scalable Printing Technology—provides more than three times the number of nozzles that fire at high speed (compared with the HP Business Inkjet 1200). These printheads are also designed to produce more accurate drops, which results in sharp lines and text and vibrant, accurate color.

Count on innovative HP Smart technology in HP 940 printheads, cartridges and HP Officejet Pro printer to deliver professional-looking documents. HP Smart technology makes automatic and continuous adjustments to ensure color accuracy and optimize print quality, so you get the best possible output.

Solution brief (5)

Close the loop with HP: Choose recycled content. Brief

Partner and Channel

It's free and easy to recycle your Original HP cartridges through the HP Planet Partners recycling program. The HP closed-loop recycling process uses recycled plastics from cartridges, water bottles, and more.

HP Planet Partners. Partner with HP for the environment

HP Planet Partners is a free and convenient return and recycling program for Original HP ink and toner cartridges and all brands of computer IT equipment, available in 73 countries worldwide, making it easier than ever to recycle. For more than 25 years, we've been making a difference--together.

HP printing supplies designed with the environment in mind. Brief

Partner and Channel

When it comes to printing supplies, HP sees the big picture. Our industry-leading approach considers the environment from the very first stages of cartridge design through manufacturing, distribution, customer use, and disposal.

Printing Supplies terms

Partner and Channel

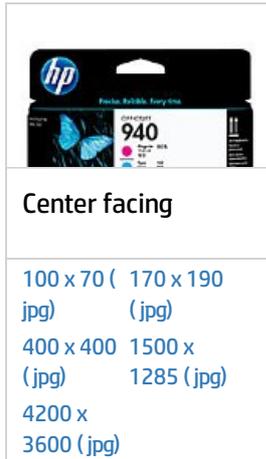

A guide to help distinguish one type of cartridge from another. Deep explanation of the original HP cartridges and their characteristics and features.

Remanufacturing is not recycling. Brief

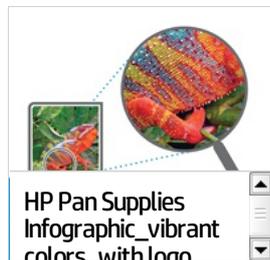

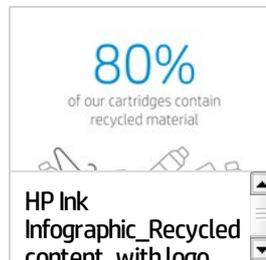

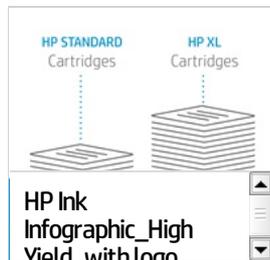

Partner and Channel

There's a big difference between reusing cartridges--also known as remanufacturing--and recycling them. Despite claims that remanufactured cartridges have less impact on the environment, they fail to measure up to Original HP cartridges. HP provides the products and programs that help you achieve your environmental goals.
