

## QUICK SETUP GUIDE

4-Outlet  
Surge Protector

NS-FOSPPD26 / NS-FOSPPD26-C

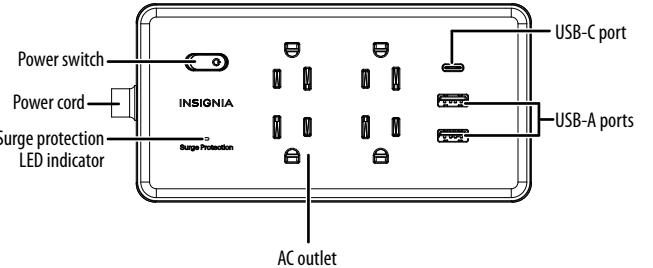

## PACKAGE CONTENTS

- 4-outlet surge protector
- Quick Setup Guide

## FEATURES

- Four wide-spaced AC outlets power multiple electronics at the same time
- One USB-C port and two USB-A ports (30W total) charge your smartphones, tablets and more
- 1,200 joules of protection safeguard your connected devices against power outages
- 6 ft (1.83 m) cord length offers flexible placement options
- Low-profile 45° offset plug won't block your other power outlets
- LED indicator lets you know when your devices are protected

## OVERVIEW

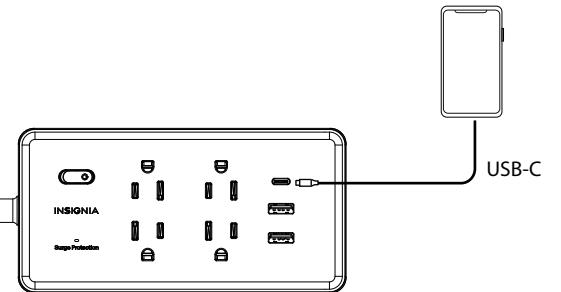

Before using your new product, please read these instructions to prevent any damage.

## USING YOUR SURGE PROTECTOR

- Plug your surge protector into a wall outlet.
- The Protected LED lights when surge protection is working. If the indicator no longer lights, the surge protector has protected your device from a power surge. Replace your surge protector.

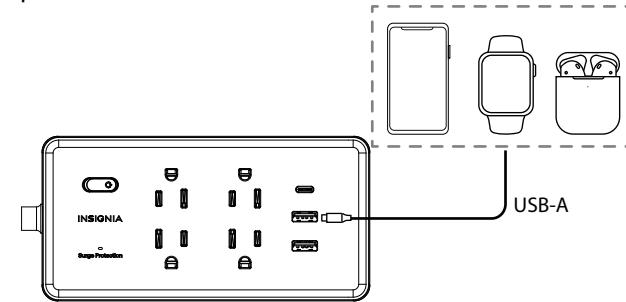

## USB-C one-port charging

The USB-C port is more suitable for tablets and smartphones. It provides up to 30W of power when used alone.

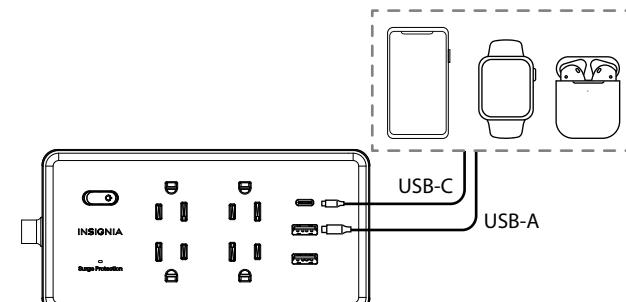

## USB-A two-port charging

The USB-A ports are suitable for smartphones, smartwatches, and earbuds. It provides up to 12W of power when used alone.

## Two-ports charging

When two ports are used together, they share 20W max (5V, 4A).

## SPECIFICATIONS

- **Dimensions (HxWxL) (not including plug):** 6.49 x 3.26 x 1.24 in. (16.5 x 8.3 x 3.15 cm)
- **Load rating:** 15 amps
- **Line voltage:** 120V AC ~ 60Hz
- **Surge protection:** 3 lines (L-N / L-G / N-G)
- **Maximum surge current:** 39,000 amps
- **Maximum energy dissipation:** 1,320 joules
- **EMI/RFI noise filtering:** Up to 40 dB
- **Surge protector certification:** UL-1449 certified
- **USB output:** **Use One Port:**
  - USB-C:** PD 30W  
DC 5V/3A, 9V/3A, 15V/2A, 20V/1.5A  
(PPS) 3.3-11V/3A, 3.3-16V/2A, 30W MAX
  - USB-A:** 5V/2.4A, 12W Max**Use Multi Ports:**
  - Total 5V/4A (shared)
  - 3A Max for USB-C and 2.4A Max for USB-A
- **Cord length:** 6 ft. (1.82 m)

## TROUBLESHOOTING

- If product suddenly does not provide power and LED indicator light is off means the surge protection circuitry has sacrificed itself from surges and wall tap needs to be replaced.

## SAFETY INFORMATION/CAUTION

### READ ALL INSTRUCTIONS BEFORE USING.

- **RISK OF ELECTRIC SHOCK** – Use only in dry locations and only indoors.
- DO NOT plug into another relocatable power tap or extension cord.
- DO NOT “daisy chain” surge protectors.
- DO NOT use with any aquarium equipment.
- DO NOT use if correctly grounded outlets are not available.
- This device features internal protection that will disconnect the surge protective component at the end of its useful life and Auto Shutdown this device. At this time, no output power will be provided to AC outlets and DC ports and device needs to be replaced.

## LEGAL NOTICES

### FCC Statement

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses, and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

**Warning:** Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.
