Stellar brands.

For those looking for the ultimate upgrade, Best Buy offers some of the most sought-after brands in home entertainment and appliances. Starting in the world of [premium home entertainment](#), experience McIntosh, Bowers & Wilkins, KEF, MartinLogan, Marantz, Definitive Technology and Sonance. These are the top names in speakers, receivers and amplifiers, where some products are built by hand and are meticulously engineered and tested for maximum performance. It's these brands that audiophiles and music aficionados seek out to bring their music and movie libraries to life.

In the world of appliances, our [luxury appliance](#) selection includes Viking, JennAir, Monogram, Thermador, Dacor, Fisher & Paykel and many others. These appliances become the showpieces of your kitchen with incredible style and functionality. Cook like a chef, or at least look like you do, with these appliances that offer luxury additions like light-up knobs, robust cooktops, unique colors and features, and so much more.

Next level service.

Having the premium and luxury products you've always dreamed of is only part of the solution. Bringing them into your home, perfectly matching your design and style, and getting them installed and programmed properly is equally important. That's why, when you have a project that requires next level service, we have teams to make that happen; from Design Experts who work with the look and style of your home, to Engineers who plan out the technical schematics and build the racks, to Installers who bring it all together. We even have Programmers to bring your smart home solutions to life. To coordinate our work with your other contractors, engineers and architects, we offer Project Managers who make sure we're on time and where we need to be, when we need to be there.

These holistic services take you from buying a premium product, to receiving a premium solution. It's these solutions that truly set us apart.

Dream home theaters.

When you put the right products together with the right services, anything is possible. We invite you to explore our [Inspiration Page](#) that showcases projects we've completed in customers' homes, including some amazing premium home entertainment and kitchen products.

Ready to take that basement space, extra bedroom or bonus space and turn it into the ultimate home theater? We've got you covered. With a free consultation, we'll help you envision the home theater of your dreams. It's time to think big, with 4K and 8K projectors that can project images to a 300" backlit, perforated screen that hides the front and center speakers behind it. Enjoy the finest in theater sound with Dolby Atmos, bringing the sound not only around you, but above you as well.

Want the ultimate look of a theater? Enjoy custom seating and lighting—even a starry night ceiling where comets can be programmed to sparkle by. Add a Kaleidescape Movie Player and put all your favorite movies right at your fingertips. Then control it all via your smart home system, and bring it all to life with the simple push of a button: watch as the window blinds close, lights dim, as the projector comes to life and dimmed theater lights turn on. You are now in the ultimate theater—enjoy!

Luxury kitchen style and design.

Have a new kitchen dream? Let us show you how premium appliances can change not only how you cook your food, but how they enhance your kitchen's design and style. With luxury appliances, you don't just get products that fit into an already designated place—oh sure, they can—but the ultimate kitchen is one with built-in appliances. All working together, these appliances become as much a piece of fine furniture as they do luxury cooking and cleaning tools. Working with a Home Expert, we will work with you to create the kitchen of your dreams.

Amazing outdoor solutions.

For most of us, the biggest room in our home is outdoors. Yes, those patio, deck or pool areas are all perfect for enjoying the ultimate in premium outdoor entertainment, cooking and relaxing. Whether you're looking for outdoor audio and video gear, an outdoor kitchen, or something else, we've got you covered. We'll help you create a resort-style outdoor space that is as entertaining and inviting as any space inside your home.

At Best Buy, we understand that when you want premium tech or luxury appliances, you want and need more than just the products. You need a team that works with you to bring those premium and luxury solutions to life. Start with a Home Expert consultation, then we'll take it from there.

From product selection to installation and all the steps in between.
