SAFETY INFORMATION/CAUTION

Incorrect battery use may result in battery leakage, overheating, or explosion.

When using batteries, make sure that you follow these instructions:

- Keep batteries out of the reach of children.
- Do not heat, open, puncture, mutilate, or dispose of batteries in fire.
- If a battery leaks, remove the battery, taking care to keep the leaked fluid from touching your skin or clothes. If fluid from the battery comes into contact with skin or clothes, flush skin with water or remove the clothing immediately. Before inserting a new battery, thoroughly clean the controller with a damp paper towel.
- Do not allow metal objects to touch the battery terminals, because they can become hot and cause burns. For example, do not carry the battery in a pocket with keys or coins.
- Remove the battery when the product will not be used for an extended period of time.

TROUBLESHOOTING

The rechargeable battery pack doesn't charge?

- Confirm the battery pack is properly installed on the Xbox One controller.
- Please only use the included rechargeable battery pack or replacement rechargeable battery pack (Model: RF-XB1SRBP - sold separately), other regular rechargeable batteries don't recharge in the controller.
- Confirm the controller is connected to a powered USB port, and the charge cable is attached securely at both ends, if charging via the USB port from Xbox One console, please make sure turn the power ON before charging.
- The Play & Charge Kit uses a standard USB to micro-USB cable, You can use any standard USB to micro-USB cable to test whether the cable is the problem.
