I2779VH

27-inch Class IPS Monitor with Wide-Viewing Angles

AOC's I2779VH comes with a sleek design and super narrow bezel. It comes with a 27" viewable image and 20M:1 dynamic contrast ratio, on an IPS panel for wide-viewing angles at Full HD 1920 x 1080 Resolution.

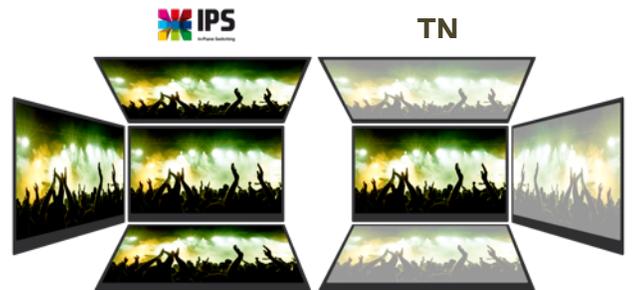

Key Features

- 27" viewable image with Full HD 1920 x 1080 resolution
- Super narrow bezel with slim design for desk-saving space
- VGA, HDMI connections for high-definition audio and video

AOC

IPS for Wide Angle Viewing

In Plane Switching (IPS) panel gives 178/178 degree viewing angle while maintaining consistent image quality and colors from all viewing positions. IPS panel has true 8-bit color depth that results in incredible color accuracy. The screen itself has a matte anti-glare coating that won't leave fingerprints or smudges. IPS is perfect for graphic designing, video editing, photo retouching, amongst others. You can also view your spreadsheets or weekend movies from virtually any angle without compromising color uniformity.

Clear Visibility and Vibrant Images

AOC's I2779VH has a frameless design that is perfect for saving desktop space, while giving you the optimum 27" viewable image screen with 16:9 aspect ratio. The LED backlit monitor runs a maximum 1920 x 1080 Full HD resolution. Having 5 millisecond response time means you can watch videos or play games without missing a beat.

Mega Dynamic Contrast Ratio

A great feature of the I2779VH is its 20,000,000:1 mega dynamic contrast ratio. The dynamic ratio of bright colors to dark colors allows for dark areas in images and videos to be revealed in greater depth.

Kensington Security Slot

This IPS monitor comes with a Kensington Security Slot for theft prevention. This anti-theft system allows you to secure the monitor in its place via compatible locking cable kit. Kensington Security Slot is ideal for both office and home settings.

User-Friendly Features

The I2779VH comes with VGA and HDMI ports, and a line-out for audio. An HDMI connection gives you high-quality video and audio, perfect for watching those videos or highly detailed images at home. The monitor comes with AOC's eSaver and i-Menu software for both eco-friendly and user-friendly configuration and navigation.
