#1 brand for dishwashers worldwide.*

At Bosch, our passion for quality translates into performance that makes a real difference throughout your day. 485 quality checks ensure that every dishwasher delivers exceptional performance time and again. It's these details, obsessed upon by our engineers, that manifest as the tangible difference of Bosch quality.

America's Most Trusted® Dishwasher 5 Years in a Row 2019-2023**

At Bosch, every detail of our dishwashers is designed for quality and with the consumer experience in mind. It's why Lifestory Research named Bosch dishwashers as "America's Most Trusted® Dishwasher 5 Years in a Row."

*Source: Euromonitor, volume sales, 2022.

**Bosch received the highest numerical score in the proprietary Lifestory Research 2019, 2020, 2021, 2022 and 2023 America's Most Trusted® Kitchen Brands study. Study results are based on experiences and perceptions of people surveyed. Your experiences may vary. Visit www.lifestoryresearch.com.

***Based on an average of sound ratings of 24" Full Size Stainless Steel Tub dishwashers contained in major brands websites. Major brands defined as TraQline Top 5 Market Share December 2022.

The quietest dishwasher brand in the U.S.***

To a Bosch engineer, quiet operation is just as important as sparkling clean dishes. For you, that means never having to wait until going to bed to run the dishwasher. Life doesn't have to stop just because your dishes need to be cleaned.

485 quality checks

Every dishwasher must pass 485 quality checks—including running a cycle with water—before leaving the factory. So you can rest assured that your dishwasher is built to withstand whatever life throws your way.

A brand you can trust.

From thoughtful innovations that make your life easier to the timeless design of our products, these are the guiding principles that drive Bosch to deliver best-in-class dishwashers.

Perceivable quality

Premium materials, combined with exceptional workmanship, provide the kind of fit and finish you expect from a Bosch dishwasher. Additionally, you're sure to hear the difference the ultra-quiet dishwashers make to your everyday life. By dedicating ourselves to the highest quality possible from start to finish, a Bosch dishwasher is truly invented for life.

Surprisingly simple solutions

Bosch dishwashers are purposefully designed with a wide range of ingenious, yet intuitive solutions to make your life easier. Bosch offers 3rd rack designs, which provide up to 30% more loading area.* Combine that with the RackMatic® adjustable middle racks and FlexSpace® tines that fold away to accommodate large bowls and pans, plus an anti-fingerprint finish, and these simple solutions add up to help streamline your day.

Perfect results

A Bosch dishwasher is engineered to give you superior wash and dry results. Plus, a long list of performance and cycle options ensure the right kind of clean for any load. So whether you need the power to remove baked-on food, the gentleness to delicately clean stemware, or a sanitize option, it's easy to customize each wash to meet your needs.

Timeless design

No room in your home defines your sense of style and taste more than your kitchen. That's why a Bosch dishwasher offers streamlined sophistication based on the Bauhaus principles of form and function. With clean lines, flush installation, anti-fingerprint finishes, and simple, streamlined aesthetics, a Bosch dishwasher not only seamlessly complements a wide range of kitchen styles, it offers an elevated, understated look that's both purposeful and beautiful.

*Compared to Bosch Dishwashers with two racks.

Our best, now even better.

Enhanced, industry-leading performance. Smarter simplification. Plus, a whole new look. The next generation of Bosch dishwashers builds upon our legacy of exceptional engineering, with ultra-quiet operation, trusted reliability and unmistakable Bosch quality.

The industry's most advanced clean meets the ultimate dry.

Introducing PowerControl™

Bosch dishwashers once again set the standard. Our newest innovation, PowerControl™ spray arm targets your dirtiest dishes for the deepest clean, while our legendary CrystalDry™ technology gives dishes, including plastics, the ultimate dry.

New designs

Sleek and streamlined, from handles to control panels.

Our dishwashers feature a variety of new design options to enhance any kitchen.

More connectivity

Now with Home Connect® on every Bosch dishwasher.

Bosch Wi-Fi enabled dishwashers allow you to clean smarter, not harder, with Home Connect®.

Scan here to learn more about PowerControl™.

A smarter clean with PrecisionWash®.

With PrecisionWash® on all Bosch dishwashers, simply start your dishwasher and walk away. Intelligent sensors continually scan and check the progress of dishes throughout the cycle, and powerful, precision spray arms go to work targeting every item of every load. So when your dishes are done, so are you.

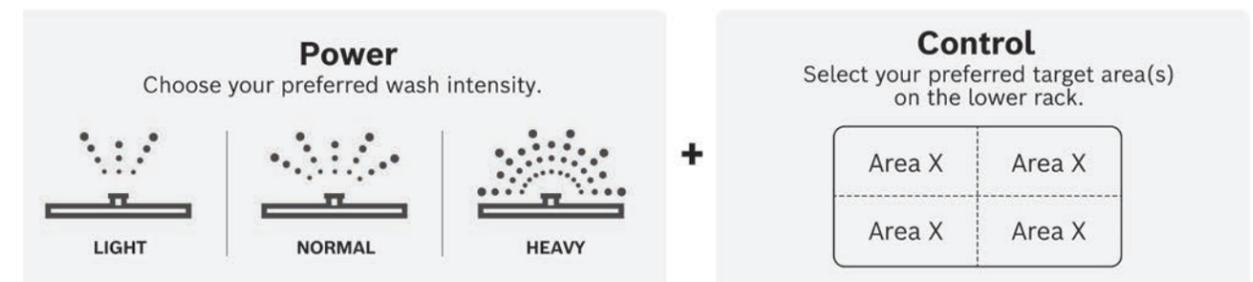

**Introducing
PowerControl™***

PowerControl™, for the industry's most advanced clean.

PowerControl™ spray arm enhances PrecisionWash® performance to target your dirtiest dishes with a deeper clean, no matter where you load them on the bottom rack. No more scrubbing, pre-rinsing, or hand washing.

How it works

With PowerControl™, your toughest, baked-on dishes receive a targeted, powerful clean.

*Available on Benchmark™ and 800 Series dishwashers. Excludes German-made models.

Bosch drying technologies.

Bosch features several energy-efficient drying technologies, each uniquely designed to ensure dishes come out of the drying cycle clean, dry and ready for use. Whether you're looking for more heat, advanced technology, or the flow of fresh air, Bosch delivers a whole new level of dry.

CrystalDry™

Scan here to learn more about CrystalDry™.

The ultimate dry, including plastics.

No matter if it's lunchboxes, salad bowls, plates, or baby bottles, plastic dishes are often the most appropriate choice in our daily life. But useful as they may be, cleaning them in the dishwasher often means more work. At Bosch, we believe dishes should receive a powerful clean and then be thoroughly dry. Patented CrystalDry™ technology on select Bosch dishwashers transforms moisture into heat up to 176° F to get dishes 60% drier,* so you can put away your dishes – even plastics, immediately into the cupboard when the dishwasher is finished.

*Based on aggregate average drying performance of Bosch Dishwashers with CrystalDry™ on combined household load including plastics, glass, steel, and porcelain as compared to Bosch Dishwashers with PureDry®. Drying performance may vary by dish type.

AutoAir®

A little fresh air equals a lot better dry.

The AutoAir® option on Bosch 500 Series dishwashers opens the door at the end of the drying cycle, letting moisture escape and fresh air circulate for 40% drier dishes.* Now you can dry your dishes with an air of confidence.

Scan here to learn more about AutoAir®.

PureDry®

Not just dry, but PureDry®.

PureDry® is an energy efficient, closed drying system that does not pull in outside air. And with no exposed heating element, you can safely place plastics anywhere, even the bottom rack, without fear they will warp or melt.

Scan here to learn more about PureDry®.

*Based on average drying performance of Bosch Dishwashers with AutoAir® after seven hours as compared to Bosch Dishwashers with PureDry®.

Designs that enhance any kitchen.

Every Bosch dishwasher looks as good as it performs. Our latest generation of dishwashers have been redesigned, offering the ultimate in style and function. Whether your taste is modern, transitional, or somewhere in between, a Bosch dishwasher is designed to seamlessly blend in and enhance your ideal kitchen.

Your dishwasher handle gets a lot of daily use. From pocket to bar to scoop handles, to long recessed handles with integrated touch controls, you'll find an array of redesigned handle options to suit any style, and are always a joy to open.

Our streamlined control panels feature responsive touch controls* with easy access to your favorite cycles and most used dishwasher functions. Simplified, sleek and easy to clean, with the ability to access additional cycles and options through the Home Connect® app.

*Excludes SHE53B75UC and ADA-compliant models.

Stainless steel

Beautiful, durable and low maintenance, our stainless steel dishwashers are designed to resist scratches and fingerprints, while being easy to clean.

Black stainless

Daringly different, Bosch black stainless steel helps guard against scratches and fingerprints while making a bold statement in the kitchen.

White and black color options

Our classic white and black dishwashers are the perfect fit for traditional kitchen designs.

1 Recessed handle

Bosch offers a variety of modern recessed handles with simplified, front touch controls for easy visibility and use.

Available on 100 Series, 100 Plus, 300 Series and 800 Series.

2 Bar handle

A traditional look with a sturdy, easy-to-grasp handle, but with a modern touch control display hidden away on the top panel.

Available in stainless steel, white, black, and black stainless steel.

3 Scoop handle

Our ergonomic scoop handle is unobtrusive and provides a sleek, streamlined look to any kitchen.

Available in stainless steel and white.

4 Pocket handle

Our redesigned pocket handle design offers a flush, modern look with sleek, simplified controls located on the top panel.

Available in stainless steel, white, black, and black stainless steel.

5 Custom panel

Seamlessly integrate your dishwasher by matching it to your kitchen's custom cabinetry. The unique design allows for a fully flush install for an unmistakable level of sophistication.

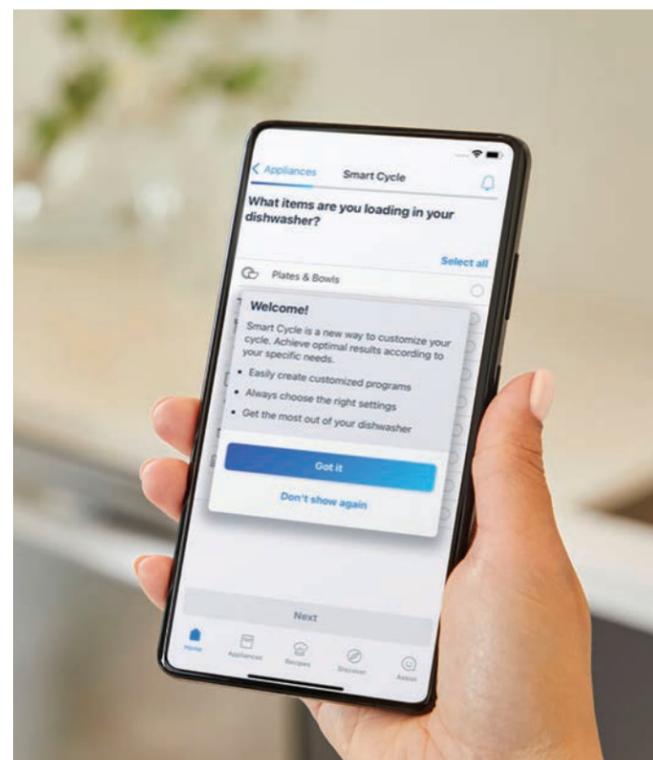

Wi-Fi Connected Dishwashers

Get more from your Bosch dishwasher with Home Connect®.

Bosch dishwashers now include the convenience of Home Connect® on every appliance. Enhance your cleaning experience by remotely monitoring and controlling your dishwasher, plus a host of other convenient features on the Home Connect® app:

- Set programs and get status updates by controlling your dishwasher hands-free using just your voice with Amazon Alexa or Google Assistant enabled devices.
- The Home Connect® app lets you independently control four different washing zones for precise results.*
- *For PowerControl™ feature on 800 Series and Benchmark™ models only.
- Enjoy the convenience of having dishwasher tabs automatically delivered to your door through smart reordering via the Amazon Alexa app.
- Receive helpful app notifications when the dishes are ready or when you happen to run low on supplies like detergent or rinse aid.
- Access additional cycles, user manuals, and tips & tricks for optimal performance.
- Create and name your own customized Favorite cycles for a personalized one-touch appliance experience.
- Use the app to connect with a service agent for an enhanced service experience with remote diagnostics.

Smart Cycle*

Do even more with Smart Cycle.

Not sure which is the best cycle to use for a particular load? Smart Cycle on the Home Connect® app helps take the guesswork out of cycle selection, with intelligent guidance for the best results – every time.

Scan here to learn more about Home Connect®.

* Available on all models, software update may be required.

Flexible enough to handle life.

With two different 3rd rack designs and a range of innovations such as the RackMatic® adjustable middle rack and FlexSpace® tines that fold back to fit larger items, Bosch dishwashers provide convenient ways to help load and unload dishes. So whether you're tidying up after a healthy breakfast with the family or cleaning up after a casual meal with friends, you have the flexibility and capacity to accommodate any kind of load.

Standard 3rd rack

Provides the perfect space for flatware, large utensils, measuring cups, or nearly anything else that's difficult to fit in a traditional dishwasher, while its V shape leaves room below both sides for taller items like stemware in the middle rack.

Flexible 3rd rack

Expandable wings easily lower to accommodate more of your deeper items, while adjustable tines let you customize the rack's loading space to fit awkward or bulky utensils.

FlexSpace® tines

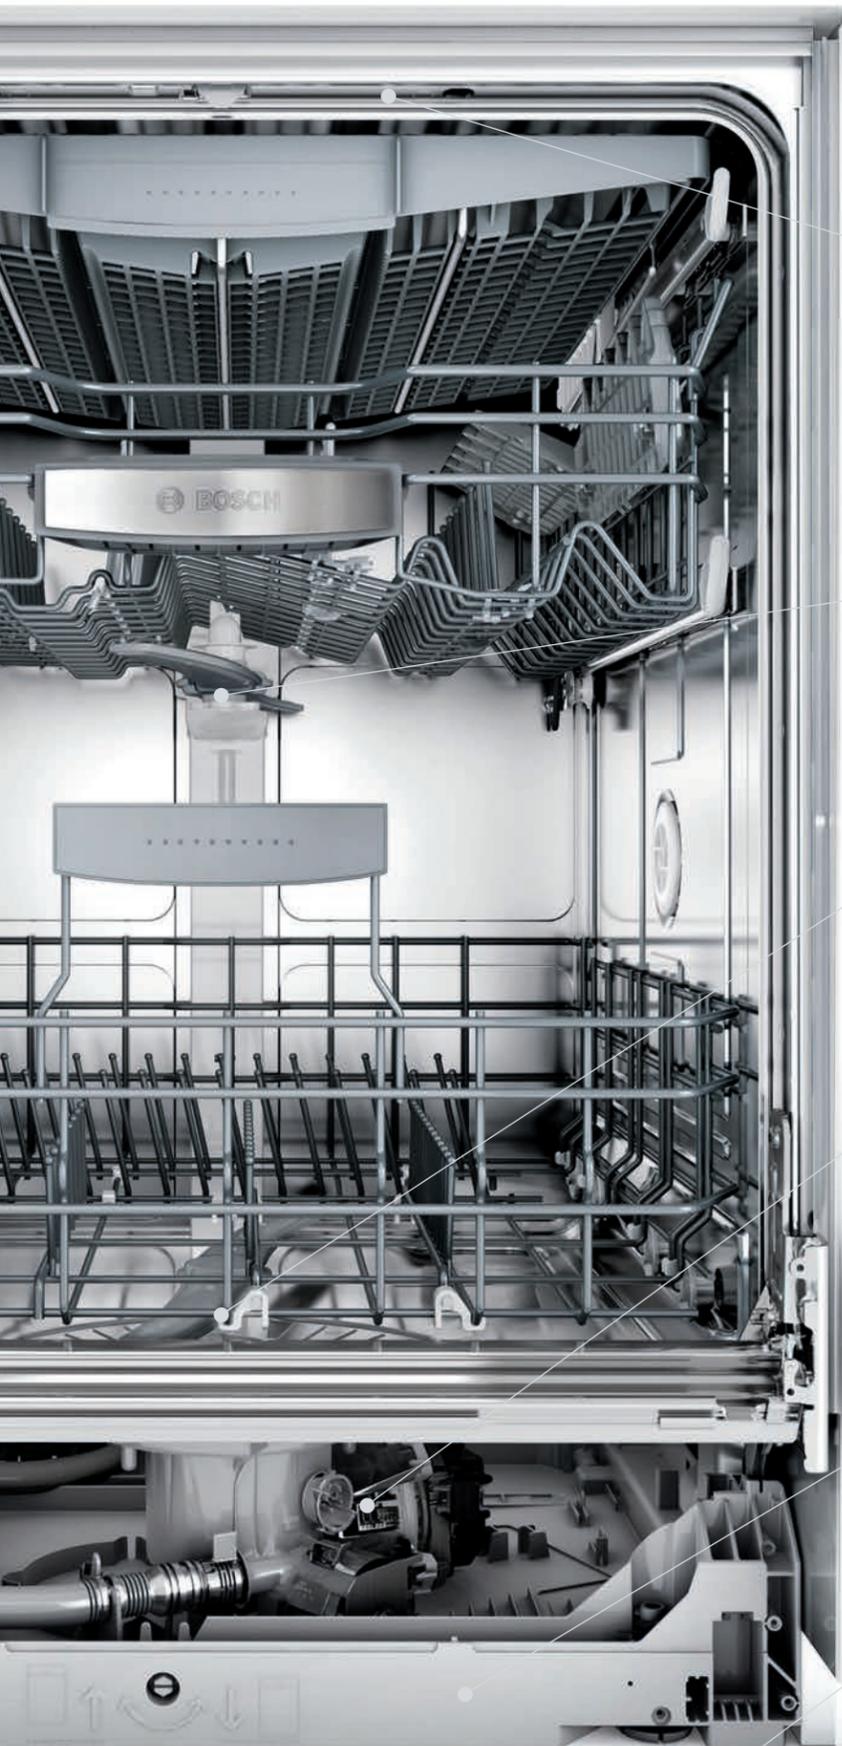

This convenient feature lets you fold back every other tine in one simple step, so it's easier to fit your largest, bulkiest items. It helps to hold pots and pans upright, leaving more room for your other dishes.

RackMatic®

Our RackMatic® systems adjusts to nine different positions for the ultimate flexible loading experience. You can raise or lower each side of the upper rack to make room for taller items below like sheet pans, or create extra space above for taller items like stemware.

Bosch quality. Bosch quiet.

Multiple insulation layers

Three layers of sound-absorbing insulation include coated stainless steel, baked-on bitumen, and cotton fiber, which all work together to help dampen noise.

Precision spray arms

By projecting water directly toward your dishes, they minimize spraying the inner sides and door, further reducing noise.

Grindless food filtration

This triple-filtration system effectively filters out food particles, eliminating the need for a noisy disposal.

EcoSilence™ motor system

Two small, brushless motors offer quieter operation than a single, large motor, and are held in place by rubber suspenders to minimize vibrations. Plus, it shuts off when drained to minimize that “snorkeling” sound.

Sound-absorbing base

A solid, molded base absorbs sound while minimizing vibrations.

InfoLight® / TimeLight®

Bosch dishwashers are so quiet, we added InfoLight® to let you know a cycle is running. Models with TimeLight® display the amount of time remaining on the cycle.

24/7 Leak Protection

A leak is the last thing you want to happen to your kitchen floors. With Bosch’s innovative leak protection systems, you get peace of mind. So your floors stay beautifully dry, just like your dishes.

24/7 Overflow

Bosch’s exclusive 24/7 Overflow Protection System looks out for you even when the unit is off. If the water level ever gets too high, the tub pumps the water out and closes the water inlet.

24/7 AquaStop®

An advanced leak prevention and containment system, AquaStop® features sensors that automatically close the water inlet and activate the drain pump if a possible leak is detected—even if you’re not at home.

24/7 AquaStop® Plus

With the advanced leak prevention and containment systems of AquaStop®, AquaStop® Plus features an additional hose surrounding the water inlet hose for added protection.

We value sustainability.

At Bosch Home Appliances, we're proud to embrace sustainability as a principle of responsible behavior. We continually seek to create innovative features and solutions for a more sustainable planet.

Did You Know?

On average, Bosch Dishwashers use only 3 - 5 gallons of water per cycle to clean all of your dishes.*

*Estimated water usage for Bosch dishwashers when running the normal cycle. See Use & Care Manual for other cycle water consumption.

Bosch dishwashers use recycled denim to help provide extra layers of insulation, for peaceful, quiet operation in your kitchen.

ENERGY STAR® Certified

All Bosch 500 Series and above dishwashers are ENERGY STAR® certified,* so you can have peace of mind your Bosch dishwasher is helping to save water and energy.

Energy efficient drying

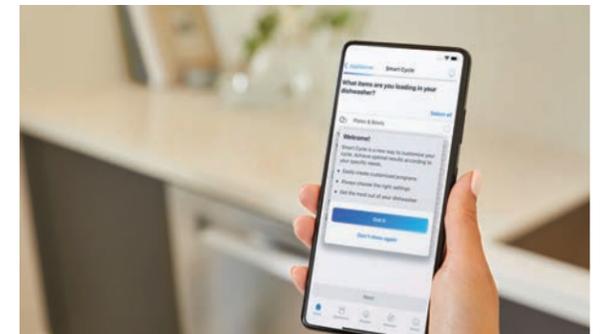

Bosch offers three energy efficient and effective drying technologies. PureDry®, Bosch's core drying system, is a closed drying system that does not pull in outside air. AutoAir® lets fresh air circulate for a lot more dry. CrystalDry™ transforms moisture into heat for the ultimate dry – including plastics. Choose the option that works best for you.

*Excludes ADA-compliant and German-made models.

Water and energy savings

With advanced wash and dry technologies, Bosch dishwashers allow you to skip the need to pre-rinse, saving water. Simply scrape and remove food scraps into a compost bin and place your dirty dishes into the dishwasher. Plus, most Bosch dishwashers offer energy efficient cycles and options like Eco Cycle Mode and Half Load Options.

Stay on top of your energy and water consumption.

Bosch Dishwashers with Home Connect® are designed to minimize electricity and water usage. The Smart Cycle assistant in the app helps you to select the most efficient cycle based on the chosen soil level and item types.

100 Series

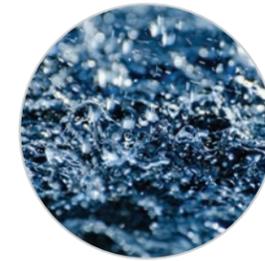

Step into a Bosch. Our 100 Series dishwashers offer the legendary Bosch quality and timeless design you expect, featuring quiet operation and our core wash and dry performance. PrecisionWash® effectively cleans every item of every load, while PureDry® delivers simply clean and dry dishes. And like all of our dishwashers, now featuring Home Connect® with intelligent Smart Cycle guidance to simplify everyday tasks with ease.

Anti-fingerprint stainless steel*

Provides the ultimate exterior protection against fingerprints, dirt, and smudges.

*Excludes ADA-compliant and German-made models.

24/7 Overflow Protection

Bosch's exclusive 24/7 Overflow Protection System looks out for you even when the unit is off. If the water level ever gets too high, the tub pumps the water out and closes the water inlet.

All Bosch dishwashers 100 Series and above have:

PrecisionWash®

Intelligent sensors continually scan and check the progress of dishes throughout the cycle, and powerful, precision spray arms go to work targeting every item of every load.

PureDry®

PureDry® is a closed drying system that does not pull in outside air and gently whisks moisture away from dishes as they cool. With no heating element, you can safely place plastics anywhere.

NSF Certified

Bosch dishwashers with a Sanitize cycle meet the NSF requirements for sanitization, and the vast majority of dishwashers are NSF certified with the certification sticker on the inner door label.

100 Plus

Sleek and powerful, our 100 Plus Series dishwashers offer trusted Bosch performance with PrecisionWash® and PureDry®, combined with the flexibility of RackMatic® and a bold new look. The redesigned, edge-to-edge recessed handle with integrated front controls blend functionality and beauty.

Includes all 100 Series features, plus the following:

3-Level RackMatic® adjustable middle rack

Easily adjusts to three different heights and up to nine separate rack positions, allowing taller items like stemware to fit in the middle rack while leaving room for pots and pans below.

Edge-to-edge recessed handle

Our 100 Plus dishwasher features a sleek, long recessed handle for a clean, modern look.

All Bosch dishwashers 100 Plus and above have:

PrecisionWash®

Intelligent sensors continually scan and check the progress of dishes throughout the cycle, and powerful, precision spray arms go to work targeting every item of every load.

PureDry®

PureDry® is a closed drying system that does not pull in outside air and gently whisks moisture away from dishes as they cool. With no heating element, you can safely place plastics anywhere.

NSF Certified

Bosch dishwashers with a Sanitize cycle meet the NSF requirements for sanitization, and the vast majority of dishwashers are NSF certified with the certification sticker on the inner door label.

100 Premium

100 Premium Series dishwashers provide the space you need with the addition of a standard 3rd rack, combined with PrecisionWash® and PureDry® performance. Featuring a redesigned bar handle with a streamlined touch control panel that tucks discretely away for a clean, modern look.

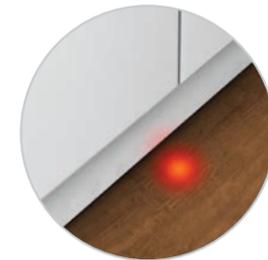

Includes all 100 Plus Series features, plus the following:

Standard 3rd rack

With 30% more loading area,* the standard 3rd rack provides extra space for flatware, large utensils, and measuring cups, while its V shape leaves room below both sides for tall items.

*vs. a Bosch dishwasher with 2 racks

InfoLight®

Based on our legendary sound-reduction technology, 100 Premium Series dishwashers are so quiet, we provide an InfoLight® that projects a red light onto the floor to signal that a cycle is running. It turns off once the dishes are done. Available on models with top controls.

All Bosch dishwashers 100 Premium and above have:

PrecisionWash®

Intelligent sensors continually scan and check the progress of dishes throughout the cycle, and powerful, precision spray arms go to work targeting every item of every load.

PureDry®

PureDry® is a closed drying system that does not pull in outside air and gently whisks moisture away from dishes as they cool. With no heating element, you can safely place plastics anywhere.

NSF Certified

Bosch dishwashers with a Sanitize cycle meet the NSF requirements for sanitization, and the vast majority of dishwashers are NSF certified with the certification sticker on the inner door label.

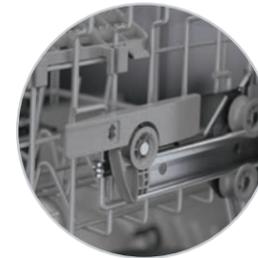

300 Series

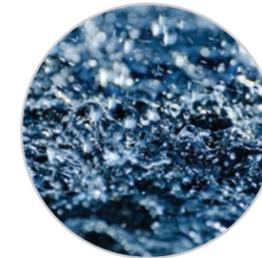

Our versatile 300 Series dishwashers offer extra flexibility and capacity when you need it, with a convenient 3rd rack to easily accommodate large and oversized items. Flexible, reliable and with a wide array of new handle options.

Includes all 100 Premium Series features, plus the following:

Redesigned EasyGlide™ rack system*

The EasyGlide™ rack system is redesigned to give you a smooth glide on all three racks—even when it's fully loaded.

24/7 AquaStop®*

Solid, molded base and sensors that can detect leaks in the base and automatically shut off the water inlet.

Additional capacity*

A larger tub to accommodate all of your loading needs, big or small.

*Features do not apply to 300 Series ADA-compliant models and SHE53B75UC.

All Bosch dishwashers 300 Series and above have:

PrecisionWash®

Intelligent sensors continually scan and check the progress of dishes throughout the cycle, and powerful, precision spray arms go to work targeting every item of every load.

PureDry®

PureDry® is a closed drying system that does not pull in outside air and gently whisks moisture away from dishes as they cool. With no heating element, you can safely place plastics anywhere.

NSF Certified

Bosch dishwashers with a Sanitize cycle meet the NSF requirements for sanitization, and the vast majority of dishwashers are NSF certified with the certification sticker on the inner door label.

500 Series

500 Series dishwashers combine PrecisionWash® performance with a little extra fresh air for enhanced drying capabilities. AutoAir® automatically opens the door at the end of the drying cycle to let fresh air circulate for 40% drier dishes*. Featuring a redesigned pocket handle for an even more beautiful kitchen.

Includes all 300 Series features, plus the following:

AutoAir® drying

When selected, the AutoAir® option automatically opens the door at the end of the drying cycle to let moisture escape and fresh air circulate for 40% drier dishes.*

*Based on average drying performance of Bosch Dishwashers with AutoAir® after seven hours as compared to Bosch Dishwashers with PureDry®.

Flexible 3rd rack

Expandable wings on both sides easily lower to provide extra height for ramekins, measuring cups and large utensils.

All Bosch dishwashers 500 Series and above have:

PrecisionWash®

Intelligent sensors continually scan and check the progress of dishes throughout the cycle, and powerful, precision spray arms go to work targeting every item of every load.

PureDry®

PureDry® is a closed drying system that does not pull in outside air and gently whisks moisture away from dishes as they cool. With no heating element, you can safely place plastics anywhere.

ENERGY STAR® Certified

All Bosch 500 Series and above dishwashers are ENERGY STAR® certified and energy efficient.**

NSF Certified

Bosch dishwashers with a Sanitize cycle meet the NSF requirements for sanitization, and the vast majority of dishwashers are NSF certified with the certification sticker on the inner door label.

**Excludes ADA-compliant and German-made models.

800 Series

Our exceptional 800 Series dishwashers offer the industry's most advanced clean paired with the ultimate dry. Our innovative new PowerControl™ spray arm targets the dirtiest dishes for the deepest clean, while CrystalDry™ technology gives dishes, including plastics, the ultimate dry.

Includes all 500 Series features, plus the following:

PowerControl™*

PowerControl™ spray arm enhances PrecisionWash® performance to target your dirtiest dishes with a deeper clean, no matter where you load them on the bottom rack. No more scrubbing, pre-rinsing, or hand washing.

*PowerControl™ not available on 800 Series ADA-compliant and 800 Series German-made models.

CrystalDry™ option

Patented CrystalDry™ technology transforms moisture into heat up to 176°F to get dishes, including plastics, 60% drier.**

**Based on aggregate average drying performance of Bosch Dishwashers with CrystalDry™ on combined household load including plastics, glass, steel, and porcelain as compared to Bosch Dishwashers with PureDry®. Drying performance may vary by dish type.

Legendary quiet

At just 42 dBA, this ultra-quiet dishwasher means life doesn't have to stop just because your dishes need to be cleaned.

All Bosch dishwashers 800 Series and above have:

PrecisionWash®

Intelligent sensors continually scan and check the progress of dishes throughout the cycle, and powerful, precision spray arms go to work targeting every item of every load.

PureDry®

PureDry® is a closed drying system that does not pull in outside air and gently whisks moisture away from dishes as they cool. With no heating element, you can safely place plastics anywhere.

ENERGY STAR® Certified

All Bosch 500 Series and above dishwashers are ENERGY STAR® certified and energy efficient.***

NSF Certified

Bosch dishwashers with a Sanitize cycle meet the NSF requirements for sanitization, and the vast majority of dishwashers are NSF certified with the certification sticker on the inner door label.

***Excludes ADA-compliant and German-made models.

Benchmark™ Series

The industry's most advanced clean meets the ultimate dry. Our flagship, Bosch Benchmark™ dishwashers are advanced engineered to handle every demanding load in style. Benchmark™ Series brings together our newest wash innovation, PowerControl™*, with our very best drying technology, CrystalDry™. With updated handles and streamlined control panels, a beautifully lit interior, and even the convenience of a built-in water softener, Benchmark™ dishwashers sacrifice nothing.

Includes all 800 Series features, plus the following:

Ultra-quiet performance

Our quietest dishwasher series, Benchmark™ models offer near-silent performance with models as low as 39 and 38 dBA.

EasyGlide™ Plus rack system for an even smoother glide

The EasyGlide™ Plus rack system takes gliding up a notch by using premium ball-bearing wheels to provide an even smoother glide on all three racks for easier loading and unloading.

FlexSpace® Plus tines

FlexSpace® Plus tines give you complete flexibility. Either fold down every other tine in the row or fold them all down—to create space to load larger dishes such as pasta bowls or even frying pans more efficiently.

Interior light

A bright white interior light adds an aesthetic accent in the dishwasher and makes loading easier in dim lighting.

TimeLight®

TimeLight® shines the time remaining on the floor or in the handle depending on the model.

Water softener

A built-in water softener removes hard water spots caused by lime deposits, softening the water to the appropriate level to ensure spot-free, shiny dishes.

*PowerControl™ not available on German-made Benchmark™ models.

All Bosch Benchmark™ Series dishwashers have:

PrecisionWash®

Intelligent sensors continually scan and check the progress of dishes throughout the cycle, and powerful, precision spray arms go to work targeting every item of every load.

PureDry®

PureDry® is a closed drying system that does not pull in outside air and gently whisks moisture away from dishes as they cool. With no heating element, you can safely place plastics anywhere.

ENERGY STAR® Certified

All Bosch 500 Series and above dishwashers are ENERGY STAR® certified and energy efficient.**

NSF Certified

Bosch dishwashers with a Sanitize cycle meet the NSF requirements for sanitization, and the vast majority of dishwashers are NSF certified with the certification sticker on the inner door label.

**Excludes ADA-compliant and German-made models.

18" and 24" width ADA-compliant models.

Our 18" and 24" width ADA-compliant dishwashers are shorter in height than standard dishwashers and are uniquely designed to offer improved access and use to people with physical limitations. In addition to meeting special height requirements, our ADA-compliant dishwashers feature sophisticated technologies for quiet operation, outstanding performance and remarkable flexibility.

Note: ADA-compliant dishwashers are NOT recommended for standard height openings.

Quiet

- As low as 42 dBA
- InfoLight® lets you know a cycle is running (only on select 800 Series models)

Design

- Recessed, bar handle, or custom-panel door options
- Available in stainless steel, white and black (colors available only on 300 Series models)
- 18" and 24" models to fit any kitchen
- Stainless steel tub

Performance

- Favorite program
- Half Load option
- Water softener (only on 24" models)

Flexibility

- 3rd rack gives you 30% more loading area* (excludes 24" 300 Series models)
- RackMatic® adjustable middle rack offers three height levels, for nine possible rack positions

ADA 300 Series features (18" & 24"):

- 46 dBA operation
- RackMatic® offers three height levels
- Water softener (24" models)
- 24/7 AquaStop® Plus leak protection

Cycles*

Heavy

Best for cleaning items with baked-on food or grease.

Auto

Recommended for everyday use. Best for mixed loads or dishes with varying amounts of food soil.

Normal

Cleans a full load of normally dirty dishes.

Glass

Best for temperature-sensitive dishes and ideal for glassware.

Favorite

Easily access a saved Cycle/Option combination.

Express

Quickly wash a lightly soiled load.

Rinse

A quick rinse until you're ready to run a full cycle.

Speed60®

Washes and dries lightly soiled loads in about 60 minutes. Perfect for when you need a quick turnaround.

Delicate

Reduces temperature to accommodate delicate dishes and glassware.

Options*

AutoAir®

Automatically opens the door at the end of the cycle to let moisture escape and fresh air circulate for 40% drier dishes.**

PowerControl™

PowerControl™ spray arm targets your dirtiest dishes for the deepest clean, no matter where you load them on the bottom rack.

CrystalDry™

Patented CrystalDry™ technology transforms moisture into heat, up to 176°F, to get dishes, including plastics, 60% drier.***

Delay Start

Delays the dishwasher's start time by up to 24 hours.

SpeedPerfect®

Reduces cycle time while maintaining cleaning performance.

Extra Scrub

Provides increased water pressure and temperature for intensive cleaning.

Half Load

For smaller loads that fill approximately half of the dishwasher's capacity.

Delicate

Reduces temperature to accommodate delicate dishes and glassware.

Sanitize

Operates at a higher temperature to eliminate bacteria and enhance drying results.

Remote Start

Remotely choose a cycle and start, stop or pause from the app or with your voice.

Machine Care

Aids in cleaning the interior of the dishwasher cavity, when partnered with a cleaning/descaling agent.

Fast Forward

Reduces the run time by 15% to 75% depending on the cycle.

Extra Quiet

Reduces the noise level for 30 minutes, can be activated at any time and multiple times. Run time is extended.

Eco

Reduces energy usage. Our most efficient cycle.

*Vary by model.

**Based on average drying performance of Bosch Dishwashers with AutoAir® after seven hours as compared to Bosch Dishwashers with PureDry®.

***Based on aggregate average drying performance of Bosch Dishwashers with CrystalDry™ on combined household load including plastics, glass, steel, and porcelain as compared to Bosch Dishwashers with PureDry®. Drying performance may vary by dish type.

Service you can trust.

Please don't hesitate to contact us if you have questions on our product line, need advice about use and care, or would like to purchase accessories. We are ready to assist you.
