

MIXCRAFT 8 HOME STUDIO

Mixcraft 8 Home Studio

MSRP: \$49.95

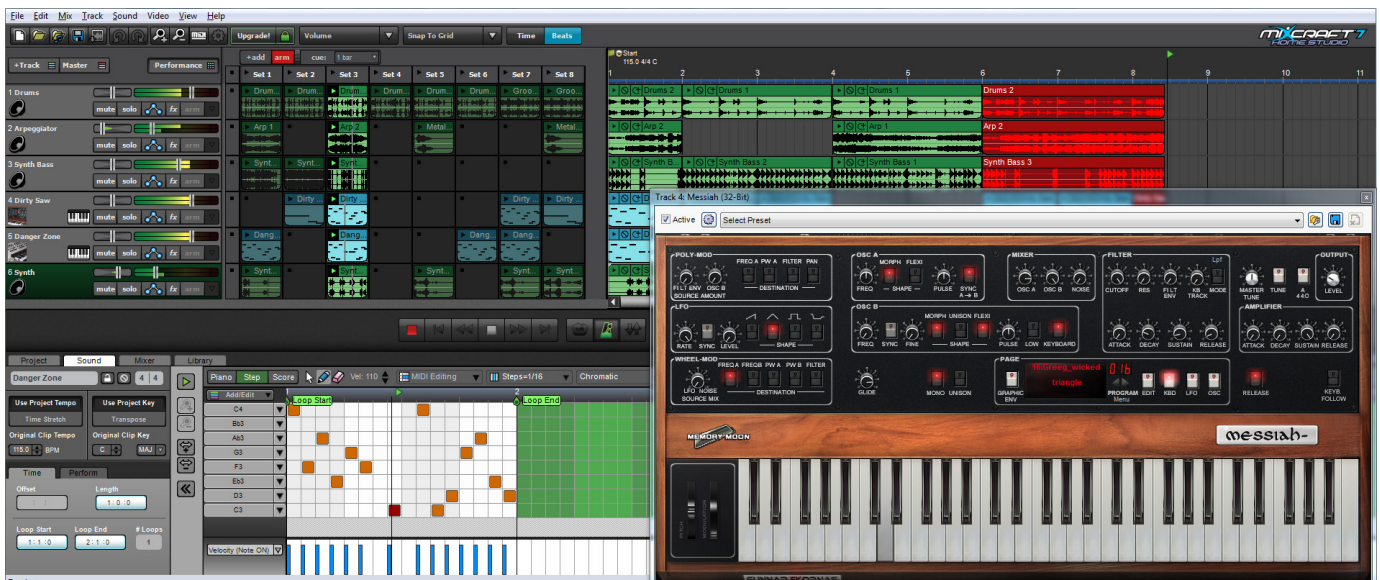

MAP: \$49.95

DL: \$49.95

Mixcraft 8 Home Studio is a multi-track recording and production application that lets you quickly and easily record audio and MIDI tracks, arrange loops, remix, score and edit video, and mix and master compositions. Packed with dozens of audio effects and virtual instruments. Includes over 4,000 loops and samples, plus integrated access to hundreds of thousands of loops from freesound.org. Publish songs to multiple formats including MP3 or burn directly to a CD. Take to the stage with eight sets of automatically synced, non-stop audio and MIDI clip grooves using the amazingly flexible Performance Panel, the perfect partner for live performances. **Mixcraft 8 Home Studio** is the perfect introduction to digital music creation at a price anyone can afford.

Version 8 features:

- Record 16 audio and virtual instrument tracks.
- Works with audio interfaces, guitars, microphones and MIDI keyboards.
- Includes 6 virtual instruments and 20 powerful effects.
- Library with over 4,000 loops and samples, plus integrated access to hundreds of thousands of sounds at freesound.org.
- Publish songs to multiple formats including MP3 or burn directly to a CD
- Simultaneous one-click publishing to YouTube, Facebook, Soundcloud, Mixcloud, Vimeo and Twitter.
- Sync Performance Panel to trigger loops live from Novation Launchpad, MIDI controller, or even your computer's keyboard.
- Insert/edit video – Produce music videos with text, effects, transitions and photos.
- Simultaneous one-click publishing to YouTube, Facebook, Soundcloud, Mixcloud, Vimeo and Twitter
