

HITMAKER EXPANSION

Focusrite's Scarlett audio interfaces now include an incredibly comprehensive and powerful plug-in bundle

Create studio quality vocals, powerful guitars, luscious keys and huge drums, then mix and master with iconic Focusrite studio hardware – all in the box. From November 11, 2021, every new Focusrite Scarlett interface comes with an unbeatable range of tried-and-tested studio tools from some of the biggest names in the business.

Hitmaker Expansion – available to every newly registered interface user – is built to get you creating records immediately. These are all the tools you need to write, produce, mix and master your music in studio quality.

Antares® Auto-Tune® Access – Allows everything from natural sounding, near-real-time pitch adjustment for getting the best vocal takes – to lightning-fast Hip-hop-inspired pitching for adding a whole new sound to your tracks

Relab's LX480 Essentials – Provides four reverbs, modelled on The Hit Factory NYC's reverb unit, and used on countless hits

Softube® Marshall® Silver Jubilee 2555 – A hyper-realistic model of Marshall's Silver Jubilee 2555 – the modern evolution of the iconic JCM800 – brought to you by analogue modeling experts Softube

XLN Audio® Addictive Keys – Choice of one of four professional-sounding models from Steinway®, Yamaha® and the classic Rhodes®

XLN Audio Addictive Drums 2: Studio Rock kit – Features expertly captured samples from a high-end Tama® and Pearl® drums, and Paiste® and Sabian® cymbals, recorded at Decibel Studios in Stockholm

Brainworx bx_console Focusrite SC – Brings the true sound of the preamps that made Focusrite what we are today to your music

Focusrite Red Plug-in Suite – Meticulously captured digital models of the truly iconic EQ and Compressors which have made the Focusrite name a staple in world-class facilities across the globe

Produce your best work with Landr – A two-month subscription to Landr Studio, plus five free masters to be used any time. Landr Studio includes 30+ music-creation tools with samples, plugins, collab features, unlimited MP3 mastering, and unlimited distribution on 150+ streaming platforms
