

Wireless Charging FM Clock Radio with Bluetooth Streaming

.....

The perfect bedside device that combines a wireless charging pad with a Bluetooth speaker, FM clock radio and alarm functionality.

Overview:

Aluratek's Wireless Charging FM Clock Radio with Bluetooth Streaming is the perfect device to have at your bedside. With the easy to use push button controls, the clock radio features a crisp LED screen to display the time along with built-in Bluetooth speakers for crystal clear sound quality and clarity. Simply pair your smartphone to the speaker anywhere you want to enjoy your digital music tracks. Weighing just 2 pounds, the Bluetooth Speaker is extremely portable making it easy to place in any location. The built-in rechargeable lithium-ion battery allows for wireless audio streaming up to 33 feet for up to 6 hours on a full charge.

What makes this speaker so special is the ability to charge your phone while it streams. The clock radio features a built-in Qi wireless charging pad. Simply place your Qi enabled smartphone on the pad and watch as your phone charges - wirelessly! A USB charging port on the back allows for additional charging of most USB powered devices so you can charge two devices at the same time.

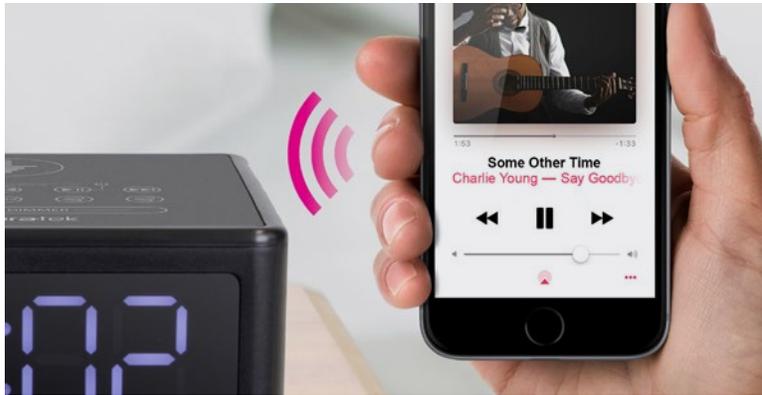

Features:

- Easy pairing with Bluetooth enabled smartphones, tablets, desktops and laptops
- Features Bluetooth v4.1 for superior wireless performance (backwards compatible with Bluetooth v4.0, v3.0, & v2.1.)
- Built-in wireless charging pad - place your smartphone directly on the pad for wireless charging
- Dual 3W channel speakers
- Easy to use push button controls - set the time, set the alarm, pairing your device, volume control and music track selection
- External plug for headsets (3.5 mm)
- Works with any smartphone, tablet or USB device capable of transmitting the Bluetooth stereo (A2DP) protocol
- Streams up to 33 feet away for up to 5 hours playback utilizing the internal lithium-ion battery
- Charge the battery in 2 hrs. (USB charging cable included)
- Limited 1 year warranty

Wireless Charging

The built-in wireless charging pad on top of the speaker allows for easy wireless charging of your compatible smartphone. Charge while you sleep or anytime you need to boost the battery.

Bluetooth Speaker

Stream music from your smartphone, tablet or computer directly to the speaker up to 33 feet away.

Additional USB Charging

Charge a second USB powered device using the built-in USB port on the back of the unit. Charge two devices at the same time. (Charging cable not included)

Alarm Clock Radio

The large LED screen displays the time and FM radio station and works as an alarm clock with the ability to set two custom alarms. Easy push button controls lets you set the time, set the alarm, snooze bar, pair your Bluetooth device, adjust the volume and music track selection.
