OVERVIEW Adjustment Tool

ADJUSTING THE LENGTH OF YOUR BAND

- 1 To remove links, widen the adjustment tool to make room for your band by turning the knob counterclockwise.
- 2 With your band's arrows facing up and pointing away from the knob, place the band in the adjustment tool's slot, then align the pin-removal rod with a pin in the band.

- 3 Turn the knob clockwise until the pin is partially pushed out.

- 4 Turn the knob counterclockwise to remove the band, then pull the loosened pin out.
- 5 Repeat steps 2–4 until your band is the desired length. Store the unused pins and links for future use.
- 6 To reattach the band pieces, push the links together with their arrows facing up, then slide the pin partially into place.

- 7 Replace the band in the adjustment tool with the arrows facing up and pointing toward the knob, then align the pin with the pin-removal rod and turn the knob clockwise to push the pin into place.

ATTACHING YOUR BAND TO YOUR APPLE WATCH®

- 1 Remove the existing band from your Apple Watch.
- 2 With the Apple Watch screen and straps' black dots facing up, slide the straps into the Apple Watch.

REPLACING THE PIN-REMOVAL ROD

- 1 Open the bottom cover of the adjustment tool to find two extra pin-removal rods.
- 2 Use pliers to pull out the removal rod and replace it with a spare rod.
