

Product

Color: Built-in 4-sensor with speaker

Parking system suitable for almost all vehicle types, which offers you the best possible safety when parking and maneuvering.

This set consists of a parking aid with 4 ultrasonic sensors and a loudspeaker.

After easy installation, the system works fully automatically. Thanks to the small sensors, you can observe the surrounding object. Beeps will sound an audible warning to prevent damage to the vehicle.

Technical specifications:

Operating voltage: 10.5V-15V (12V normal)

Power consumption: max. 3W

Operating temperature: -20 ° C to + 65 ° C

Storage temperature: -35 ° C to + 85 ° C

Sensor diameter: 23mm

Measuring range: 0.3m to 1.5m

Item Package:

1 x command module

4 x ultrasonic sensors

1 x wireless acoustic indicator

1 x power supply cable

1 x hole drill

1 x accessory set

1 x user manual
