Ergonomic Footrest

INCREASE COMFORT AT YOUR DESK WHILE KEEPING YOUR FEET ELEVATED

Keep your feet elevated to reduce strain and fatigue and improve comfort. This footrest allows you to adjust the height and angle to help reduce pressure that can occur in the lower back from uncomfortable positioning. By promoting better posture, this footrest can alleviate pain and discomfort.

- 15 Degree tilt adjustment allows you to adjust your foot positioning to create a more comfortable work environment
- Designed to promote a healthier lifestyle. It's free floating design encourages more leg and foot movement through the day

HEALTHY LIFESTYLE. Turn your workspace into an ergonomic environment.

LARGE SURFACE AREA. Ample space for your feet.

TILTING MOTION. Customize your footrest to increase comfort.
