Cuisinart® Coffeemaker with Hot Water System

Multitasking has never been easier than with the Cuisinart 10 Cup Coffeemaker with Hot Water System. Whether brewing coffee, or heating water for tea or cocoa, this versatile and programmable coffeemaker will fulfill all your hot beverage needs. You can even brew coffee while heating water for oatmeal, making breakfast easy. The auto-on setting and self-clean function are simple to use, while the thermal carafe will keep your coffee piping hot if you hit the snooze button just one more time.

- 10 Cup Coffeemaker Thermal Carafe with a drip-free pour spout and a comfortable handle
- Fully Automatic with auto-on and auto shutoff, self-clean function and 1-4 cup setting
- Ready Tone with on/off option signals when brew cycle is done
- Brew Pause™ feature lets you enjoy a cup of coffee before the brewing cycle has finished
- Charcoal Water Filter and Gold Tone Filter remove impurities that can alter the taste of your beverages
- Hot Water System Hot Water On Demand heats up fast to let you enjoy oatmeal, soup, tea, cocoa, and more any time you like. Simply press the lever to dispense hot water
- Easy to Use indicator lights let you know when water is hot and ready to dispense, and when it's time to refill
- Removable Drip Tray leaves you plenty of room for tall travel mugs
- Separate Hot Water System has its own power button and 56oz water reservoir; operates independently or at the same time as the coffeemaker
- Limited 3-Year Warranty
